some of the old ways of doing things and we opened the door to a brand new and modern civilization in the 1960s 1970s and early 1980s The sexual and cultural revolution led us to secularism which challenged many draconian mores including those in Muslim countries such as Pakistan Malaysia Turkey Iran Tunisia and Morocco That was when I published one of my books Sociology of Religion Changing Conceptions in the Structure of Islam However in relatively recent times we have faced the backward process of reverting to traditional norms That reversed cultural change led to fundamentalism including fundamentalism in religion which is a precursor to addiction to religion That has ultimately resulted in national and international terrorism That born again trend encouraged me to do research in this field including addiction to religion That led me to write this book I have concluded in this book that both addiction to drugs and addiction to religion are a disease a delirium and a psychic syndrome influenced by a mental disorder During the last two to three decades there has been a significant rise in religious fundamentalism leading to addiction to religion which has caused global havoc Religion has been hijacked misused and abused largely by semiliterate believers in all organized religions Religious addiction is perhaps worse than drug addiction Other books by the Author 1 The Sociology of Family An Interdisciplinary Approach 2 Sociology of Criminal Behaviour 3 Sociology of Religion Changing Conceptions in the Structure of Islam 4 Murder and Homicide in Pakistan 5 Issues in Canadian Sociology with Hewa 6 Issues in Canadian Sociology 2nd Ed with Swenson 7 Canadian Sociology with Swenson 8 Journey to Success my autobiography currently in its tenth edition *Christian Register and Boston Observer...* ,1904 Missionary Review of the World ,1902 The Armenians David Marshall Lang,Christopher J. Walker,1987-02-01 The Hidden Holocaust During the course of the First World War considerably over a million Armenians were slaughtered in one of the most horrific but least known genocides of recent history The then government of Ottoman Turkey made a decision to liquidate their Armenian Christian subjects as a people Armenian conscripts in the Ottoman armies were starved beaten and machine gunned Armenian intellectuals were murdered In Armenian villages men were taken away and shot while their women and children were rounded up and forced to walk southwards into the deserts where many collapsed and died of hunger and exhaustion The survivors were then incarcerated in open air concentration camps from which few emerged alive All of this has been recorded in documents and individual memoirs There can be no doubt that the genocide took place with full government knowledge and approval But even today the present Turkish government denies the reality of the Armenian genocide and has erased it from official Turkish history Yet for the Armenian people it is essential that the facts of their sufferings are recognized and their claims acknowledged The Armenians is one of the few accessible accounts of this little known episode But more than this it gives an overview of past Armenian history and culture the present situation of the Armenian diaspora around the world and prospects for the future Written by David M Lang and Christopher J Walker two leading writers on the Armenian situation this new edition of this classic report also refers to the acute contemporary problems for Armenians in Lebanon and Iran as well as continuing repression in Turkey An important report

on an exceptional and cohesive minority group which should be read by all those concerned with human rights and history as well as the Armenian people wherever they live **Luzac's Oriental List and Book Review** ,1904
