physicists had ever heard of what is called the Worldwide Web Now even my cat has its own page Bill Clinton 1996 Only 20  
years ago mostly big companies had access to the Internet in order to ex change information for the worldwide production  
and transfer of financial services The big change has come with new data based applications and an enlargement of  
broadband connections in the beginning of the 21th century It is now possible to provide bigger amounts of data in the  
Worldwide Web Nowadays the Internet is a platform where private users can enter personal contents and information Blogs  
and forums have become popular in everyday life In Germany 38% of the 1006 respondents older than 16 years are  
registered in on line communities In the strongest group from 16 to 30 years even three out of four Internet users are  
members in those social networks according to the representative study Internet 2009 Wer macht was im Worldwide Web by
