Significance During sixteen years from 1879 to 1894 of service for the geological surveys of Minnesota the United States and Canada in travel over large areas of this state the Dakotas and Manitoba my attention was often attracted to the origins of their names of places partly received directly from the Indian languages and in many other instances translated from the aboriginal names Frequently our geographic names note remarkable topographic features or are derived from the fauna and flora Perhaps a greater number commemorate pioneer white explorers early fur traders and agricultural settlers Later work

for the Minnesota Historical Society since 1895 has permitted and even required more detailed consideration and record in this field Many memorials of our territorial and state history are preserved in geographic names and each nationality contributing to the settlement has its share in this nomenclature As the first immigrants of the state along the Atlantic and Gulf coast brought many place names from England France Holland and Spain so in Minnesota many geographic names have come from beyond the sea Here the influence of a large proportion of immigration from Germany is shown by such names as New Ulm New Trier Hamburg Cologne and New Munich Old Bohemia is brought to mind by the city of New Prague Sweden Norway and Denmark are well represented by Stockholm Malmo Bergen Trondhjem Denmark and many other township and village names In the early eastern and southern states Plymouth Boston Portsmouth Bangor New York Charleston St Augustine and New Orleans recalled tender memories of the Old World Likewise these German and Bohemian and Scandinavian names have a great meaning to the immigrants from those countries who have made their new homes here To illustrate how this subject is like a garden of flowers or like an epic poem reference may be made to the names of the eighty six Minnesota counties About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works A History of Minnesota William Watts Folwell,1921 Minnesota History Theodore Christian Blegen,Bertha Lion Heilbron,1930 Vol 6 includes the 23d Biennial report of the Society 1923 24 as an extra number **Minnesota History Bulletin** Solon Justus Buck,Theodore Christian Blegen,1923 Vols 2 6 include the 19th 23d Biennial reports of the Society 1915 16 1923 24 in v 2 3 as supplements in v 4 6 as extra numbers Origin and Changes of Names of American Cities Chamber of Commerce of the United States of America.
