McNally,2000-09-21 The Ojibwe of Anishinaabe are a native American people who were taught by 19th century missionaries to sing evangelical hymns translated into the native language both as a means of worship and as a tool for eradicating the indianness of the native people Rather than Americanizing the people however these songs have become emblematic of Anishinaabe identity In this book Michael McNally uses the Ojibwe s hymn singing as a lens to examine how this native American people has creatively drawn on the resources of ritual to negotiate identity and survival within the structures of colonialism Drawing on both archival research and fieldwork he traces the historical development of ritualized singing and how this distinctive practice has come into play at various moments in Ojibwe history This important study reexamines the contested nature of tradition arguing that despite its origins hymn singing has now become traditional through the agency of today s elders who have asserted their role as cultural critics on the reservation through their singing The Missionary Review ,1894 *The Home Missionary* ,1903 No 3 of each volume contains the annual report and minutes of the annual meeting The Missionary Review of the World ,1894 **Annual Report of the Missionary Society of the Methodist Episcopal Church** Methodist Episcopal Church.
