## **Minorities At Risk A Global View Of Ethnopolitical Conflict:**

**Minorities at Risk** Ted Robert Gurr,1993 East by Barbara Harff      *Peoples Versus States* Ted Robert Gurr,2000

Picking up where *Minorities at Risk* left off *Peoples Versus States* offers an expanded and updated perspective on ethnic and nationalist conflict throughout the world as well as efforts to manage it Ted Gurr surveys the behavior of 275 politically active ethnic groups during the 1990s and pinpoints the factors that encourage the assertion of ethnic identities Whereas his highly acclaimed 1993 book presented a disturbing picture of spreading ethnic violence this volume documents a pronounced decline since the early 1990s a decline attributable in part at least to many states abandoning strategies of assimilation and control in favor of policies of pluralism and accommodation Nonetheless Gurr identifies some ninety groups as being at significant risk of conflict and repression in the early 21st century And he cautions that the emerging global regime of principles and strategies governing relations between communal groups and states is far from perfect or universally effective

*Biennial Report of the United States Institute of Peace* United States Institute of Peace,      **Intra-State Conflict,**

**Governments and Security** Stephen M. Saideman,Marie-Joelle J. Zahar,2008-05-29 This volume seeks to understand the central role of governments in intra state conflicts The book explores how the government in any society plays two pivotal roles as a deterrent against those who would use violence and as a potential danger to the society These roles come into conflict with each other as those governments that can best deter      **Who Intervenes?** David Carment,Patrick

James,Zeynep Taydas,2006 The book includes a comparative analysis of five case studies India and Sri Lanka Somalia and Ethiopia Malaysia and the Thai Malay a non intervention the immediate aftermath of the breakup of Yugoslavia and Greece and Turkey with Cyprus The case histories produce strong support for the relevance of the typology and catalysts Ethnic composition institutional constraint and ethnic affinity and cleavage are very useful factors in distinguishing both the likelihood and form of intervention      **The Routledge Handbook of Ethnic Conflict** Karl Cordell,Stefan Wolff,2016-01-22

A definitive global survey of the interaction of ethnicity nationalism and politics this handbook blends rigorous theoretically grounded analysis with empirically rich illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today Fully updated for the second edition the book includes a new section which offers detailed analyses of contemporary cases of conflict such as in Ukraine Kosovo the African Great Lakes region and in the Kurdish areas across the Middle East thus providing accessible examples that bridge the gap between theory and practice The contributors offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a particular place and time or why attempts at preventing or settling it might fail or succeed *The Routledge Handbook of Ethnic Conflict* enables readers to gain a better insight into such defining moments in post Cold War international history as the disintegration of the

Soviet Union and Yugoslavia and their respective consequences the genocide in Rwanda and the relative success of conflict settlement efforts in Northern Ireland By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of their prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses
