Mir Strana Lichnost:

Bibliographic Guide to Slavic, Baltic, and Eurasian Studies ,2000 **Joseph Brodsky** Lev Losev,2011-01-04 The work of Joseph Brodsky 1940 1996 one of Russia s great modern poets has been the subject of much study and debate His life too is the stuff of legend from his survival of the siege of Leningrad in early childhood to his expulsion from the Soviet Union and his achievements as a Nobel Prize winner and America s poet laureate In this penetrating biography Brodsky s life and work are illuminated by his great friend the late poet and literary scholar Lev Loseff Drawing on a wide range of source materials some previously unpublished and extensive interviews with writers and critics Loseff carefully reconstructs Brodsky s personal history while offering deft and sensitive commentary on the philosophical religious and mythological sources that influenced the poet s work Published to great acclaim in Russia and now available in English for the first time this is literary biography of the first order and sets the groundwork for any books on Brodsky that might follow *Russian Liberalism* Paul Robinson,2023-09-15 Russian Liberalism charts the development of liberal ideas and political organizations in Russia as well as the implementation of liberal reforms by the Russian and Soviet governments at various points in time Paul Robinson s comprehensive survey covers the entire period from the late eighteenth century to the present day Robinson demonstrates that liberalism has always lacked strong roots in the Russian population being largely espoused by a narrow group of intellectuals whose culture it has reflected and has tended toward a form of historical determinism that sees Russia as destined to become like the West Many see the current political struggle between Russia and the West as being in part a conflict between the liberal West and an illiberal Russia By explaining the historical causes of liberalism s failure in that country Russian Liberalism offers an understanding of a significant aspect of contemporary international affairs After Putin s February 2022 invasion of Ukraine understanding Russian political thought is a matter of considerable importance [USSR Report](#) ,1986-07 **National Union Catalog, 1981** ,1982 *National Union Catalog* ,1981 Includes entries for maps and atlases **National union catalog, 1978** Library of Congress,1978 [Abstracts of Soviet and East European Emigré Periodical Literature](#) ,1986 **Stalin** Stephen Kotkin,2018-11-20 Monumental The New York Times Book Review Pulitzer Prize finalist Stephen Kotkin has written the definitive biography of Joseph Stalin from collectivization and the Great Terror to the conflict with Hitler s Germany that is the signal event of modern world history In 1929 Joseph Stalin having already achieved dictatorial power over the vast Soviet Empire formally ordered the systematic conversion of the world s largest peasant economy into socialist modernity otherwise known as collectivization regardless of the cost What it cost and what Stalin ruthlessly enacted transformed the country and its ruler in profound and enduring ways Building and running a dictatorship with life and death power over hundreds of millions made Stalin into the uncanny figure he became Stephen Kotkin s Stalin Waiting for Hitler 1929 1941 is the story of how a political system forged an unparalleled personality and vice versa The wholesale collectivization of some 120 million peasants necessitated levels of coercion that were extreme even for

Russia and the resulting mass starvation elicited criticism inside the party even from those Communists committed to the eradication of capitalism But Stalin did not flinch By 1934 when the Soviet Union had stabilized and socialism had been implanted in the countryside praise for his stunning anti capitalist success came from all quarters Stalin however never forgave and never forgot with shocking consequences as he strove to consolidate the state with a brand new elite of young strivers like himself Stalin s obsessions drove him to execute nearly a million people including the military leadership diplomatic and intelligence officials and innumerable leading lights in culture While Stalin revived a great power building a formidable industrialized military the Soviet Union was effectively alone and surrounded by perceived enemies The quest for security would bring Soviet Communism to a shocking and improbable pact with Nazi Germany But that bargain would not unfold as envisioned The lives of Stalin and Hitler and the fates of their respective dictatorships drew ever closer to collision as the world hung in the balance Stalin Waiting for Hitler 1929 1941 is a history of the world during the build up to its most fateful hour from the vantage point of Stalin s seat of power It is a landmark achievement in the annals of historical scholarship and in the art of biography
