Miracle Of The Killer Bees 12 Senators Who Changed Texas Politics:

The Miracle of the Killer Bees Robert Heard, 1981 **The Texas State Constitution** Janice C. May, 2011-04-15 The Texas State Constitution provides an outstanding constitutional and historical account of the state's governing charter. In addition to an overview of Texas constitutional history, this volume provides an in-depth section-by-section analysis of the entire constitution, detailing the many significant changes that have been made since its initial drafting. This treatment, along with a table of cases, index, and bibliography, provides an unsurpassed reference guide for students, scholars, and practitioners of Texas constitution. Previously published by Greenwood, this title has been brought back in to circulation by Oxford University Press with new verve. Reprinted with standardization of content organization in order to facilitate research across the series, this title, as with all titles in the series, is set to join the dynamic revision cycle of *The Oxford Commentaries on the State Constitutions of the United States*. The *Oxford Commentaries on the State Constitutions of the United States* is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions. Each volume in this innovative series contains a historical overview of the state's constitutional development, a section-by-section analysis of its current constitution, and a comprehensive guide to further research. Under the expert editorship of Professor G. Alan Tarr, Director of the Center on State Constitutional Studies at Rutgers University, this series provides essential reference tools for understanding state constitutional law. Books in the series can be purchased individually or as part of a complete set, giving readers unmatched access to these important political documents. [Time of the Rangers](#) Mike Cox, 2010-04-14 The second installment of a no-holds-barred look at the history of the famed Texas Rangers from western author Mike Cox. Following up on his magnificent history of the 19th-century Texas Rangers, Mike Cox now takes us from 1900 through the present. From horseback to helicopters, from the frontier cattle days through the crime-ridden boom or bust oil field era, from Prohibition to World War II, espionage to the violent ethnic turbulence of the 50s and 60s, which sometimes led to demands that the Texas Rangers be disbanded. Cox takes readers through the modern history of the famed Texas lawmen. Cox's position as a spokesperson for the Texas Department of Public Safety allowed him to comb the archives and conduct extensive personal interviews to give us this remarkable account of how a tough group of horse-borne lawmen, too prone to hand out roadside justice, critics complained to one of the world's premier investigative agencies, respected and admired worldwide. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. [Texas](#) Rupert N. Richardson, Cary D. Wintz, Angela Boswell, Adrian Anderson, Ernest Wallace, 2021-05-31 Now in its 11th edition, *Texas: The Lone Star State* offers a balanced scholarly overview of the second largest state in the United States, spanning from prehistory to the twenty-first century. Organized chronologically, this comprehensive survey introduces undergraduates to the varied history of Texas with an accessible narrative and over 100 illustrations and maps.
