# THE MIRAGE OF MODERNIZATION

THE OLD IS DYING AND THE NEW IS BEING BORN,  
BUT THE OLD IS UNABLE TO DIE COMPLETELY.  
BEHIND THE OUTWARD CHANGES, THERE IS  
A LACK OF REAL TRANSFORMATION.  
INSTEAD, WE FIND THE DYING REBORN—  
A PSEUDOMORPHOSIS....

**Mirage of Modernization** Boris Kagarlitsky,1995      *African Miracle, African Mirage* Abou B. Bamba,2016-11-15

Throughout the 1960s and 1970s Ivory Coast was touted as an African miracle a poster child for modernization and the ways that Western aid and multinational corporations would develop the continent At the same time Marxist scholars most notably Samir Amin described the capitalist activity in Ivory Coast as empty unsustainable and incapable of bringing real change to the lives of ordinary people To some extent Amin s criticisms were validated when in the 1980s the Ivorian economy collapsed In *African Miracle African Mirage* Abou B Bamba incorporates economics political science and history to craft a bold transnational study of the development practices and intersecting colonial cultures that continue to shape Ivory Coast today He considers French American and Ivorian development discourses in examining the roles of hydroelectric projects and the sugar coffee and cocoa industries in the country s boom and bust In so doing he brings the agency of Ivorians themselves to the fore in a way not often seen in histories of development Ultimately he concludes that the maldevelopment evident by the mid 1970s had less to do with the Ivory Coast s insufficiently modern citizens than with the conflicting missions of French and American interests within the context of an ever globalizing world      *Pakistan's War Machine: An Encyclopedia of its Weapons, Strategy and Military Security* Saghir Iqbal,2018-05-13 The global security challenges after the post Cold war period has affected many countries Pakistan s geography and location present its security planners with serious almost irresolvable strategic and tactical problems It borders the nuclear states of India and China an ambitious Iran and an unstable Afghanistan which is perceived as a gateway to its commercial strategic ambitions in Central Asia Pakistan s key security problems are a reflection of its history and domestic circumstances The overriding concern of Pakistan is its internal and external security Strategically Pakistan lacks territorial depth Its main cities and communication routes are relatively close to the border with India and are susceptible to attack In addition the headwaters of Pakistan s rivers and main irrigation systems originate from India Pakistan s borders with India were also new and mainly unfortified and in many places were drawn in ways that made them indefensible Because the borders were also un demarcated there was abundant chance for conflict Pakistan has particularly been affected with a number of issues It has been argued by many that a Fourth generation Hybrid war has been imposed on Pakistan in order to break the nation Balkanization of Pakistan into different parts with the aim of making it either extremely weak or total destruction as a nation state so that it is not able to challenge the hegemonistic ambitions of its adversaries The purpose of this book is to assess the military security problems that Pakistan faces and focus on its external security matters military threats from neighbouring countries such as India balance of power in the region nuclear and ballistic missile threats relationship with external powers the high risk of war and its role on the War on Terror and its internal security problems sectarianism proliferation of small arms refugees ethnic violence drug problem economic weaknesses and also its ability to cope with these problems      *Perilous Prospects* Anthony H
