up some question of the moment As such in sum the essays provide an historical overview of the history that preceded Trump and the reaction to Trump The essays situate what followed even without having known what would follow They explicate what preceded the current era and provide a step by step revelation or how to for successfully comprehending social events and relations They are a pleasure to read much like the pleasure of watching a great athlete or performer but they also edify They educate Reading Chomsky is about understanding how society works how people relate to society and social trends and patterns and why and beyond the specifics how to approach events relations occurrences trends and patterns in a way that reveals their inner meanings and their outer connections and implications It is like reading the best you can get about topic after topic and more it is like watching a master craftsmen in a discipline that ought to be all of ours understanding the world to change it     **Problems of Knowledge and Freedom** Noam Chomsky,1971     **Masters of Mankind** Noam
