From Pastor to Atheist Larry Cartford,2010-04-23 Religion has been a powerful and determinative force in human life ever since the beginning of time Many religions have flourished then died Yet the basic dynamics of religion have not changed Religions seek to promote the gods they create instill fear divide people and control behavior After disclosing religions for what they are manipulative and domineering a non god way of life is presented What religions consider to be their exclusive domains eternal life spirituality morality and truth are exposed as not solely theirs Spirituality and morality are presented as an innate depth of human beingness in all people Eternal life is offered as the noble destiny for all people not dependent on what gods are accepted Truth is to be known through reason not revelation To break unconditionally the power of religion the nexus must be changed from gods to humans at the center No longer ask What do the gods want instead What do humans need Along with a non god way of life a world without religion is discussed which elucidates a new way of beauty openness and peace For all people seeking an alternative way of life not controlled by religion or revelation this book offers a non god way of life
