**On Noise! Philosophy - Art - Organization** Luc Peters,2020-07-20

This book explores the obnoxious behavior and movements of noise However what is noise What is it doing to us and to our world How can we live and move with noise How do we produce and distribute our own noise These questions and many more are discussed through a philosophical investigation of noise Starting off from the statement that noise is nature it soon becomes clear that there is more to noise than just nature In an attempt to deal with nature we have started to order it and put it into boxes One of these boxes is the container for living the peculiarities of which harken back to the musings of Plato on his cave and catapult us into contemporary times where office cells mirror those of the monastery Although any definite answers will be absent there is still much to tell about noise even if it remains in the realm of the obscure or the obscene

**Cancer and**

**the Politics of Care** Linda Rae Bennett,Lenore Manderson,Belinda Spagnoletti,2023-02-13 This timely volume responds to the epic impacts of cancer as a global phenomenon Through the fine grained lens of ethnography the contributors present new thinking on how social economic race gender and other structural inequalities intersect compound and complicate health inequalities Cancer experiences and impacts are explored across eleven countries Argentina Brazil Denmark France Greece India Indonesia Italy Senegal the United Kingdom and the United States The volume engages with specific cancers

from the point of primary prevention to screening diagnosis treatment or its absence and end of life care Cancer and the Politics of Care traverses new theoretical terrain through explicitly critiquing cancer interventions their limitations and success the politics that drive them and their embeddedness in local cultures and value systems It extends prior work on cancer by incorporating the perspectives of patients and their families at risk groups and communities health professionals cancer advocates and educators and patient navigators The volume advances cross cultural understandings of care resisting simple dichotomies between caregiving and receiving and reveals the fraught ethics of care that must be negotiated in resource poor settings and stratified health systems Its diversity and innovation ensures its wide utility among those working in and studying medical anthropology social anthropology and other fields at the intersections of social science medicine and health equity
