Essential Cyber Security Handbook In English Nam H Nguyen, 2018-02-03
The Essential Cyber Security Handbook is a great resource anywhere you go; it presents the most current and leading edge research on system safety and security. You do not need to be a cyber security expert to protect your information. There are people out there whose main job it is trying to steal personal and financial information. Are you worried about your online safety but you do not know where to start? So this handbook will give you students, scholars, schools, corporates, businesses, governments, and technical decision makers the necessary knowledge to make informed decisions on cyber security at home or at work.
