**The Primary ICT & E-learning Co-ordinator's Manual** James Wright, 2008-01-23 This book certainly isn't one of the dry educational tomes that often bedeck the shelves of the staffroom; it is an informative, accessible text which evolves into an enjoyable read. There aren't too many practitioner manuals that can boast that particular combination. A useful guide for the ICT leader seeking a practical, effective annual structure for their ICT leadership role. *Teach Primary Magazine*. This practical manual is the second part of a 2-volume set that together makes up a detailed 2-year training programme for primary ICT and E-learning co-ordinators. The second book takes coordinators through the second year of the programme but may also be used as a starting point by more experienced staff. The structured training programme, timed over three terms, includes: a complete review of E-Safety procedures in the light of the Every Child Matters agenda; developing a funding model in order to plan for ICT developments together with a broader ICT action planning review to embed a revised E-learning vision through a series of long-term sustainable actions; reviewing the curriculum in order to examine how the E-Learning community will adapt its core practices to facilitate new technology; the evolving role of school websites as they assume interactivity and examine the place of E-Learning within the extended schools agenda; reviewing the use of ICT as a tool for management systems and discussing how ICT can be used to support different groups of children; examining self-evaluation strategies linked to the school's SEF, the Ofsted Section 5 Framework and Every Child Matters. The books have a companion website which will offer downloadable versions of the photocopiable sheets from the book as well as links to other sources of help and advice.
