Murmur Rem:

Murmur John A. Platt, 1999 When Murmur was released in 1983 few were prepared for its combination of American soundscapes murmured lyrics and glints of meaning In the words of the band members themselves as well as the producers and engineers this book shows how this rock album was created **R.E.M.'s Murmur** J. Niimi, 2005-04-28 R E M s debut album released in 1983 was so far removed from the prevailing trends of American popular music that it still sounds miraculous and out of time today J Niimi tells the story of the album s genesis with fascinating input from Don Dixon and Mitch Easter He also investigates Michael Stipe s hypnotic mysterious lyrics and makes the case for Murmur as a work of Southern Gothic art EXCEPRT In the course of an interview that took place some twenty years ago Michael Stipe made passing reference to an essay that had a deep impact on him It s what came to his mind when after having been harangued by fans and journalists alike about Murmur s lyrics already grown weary from having to continually entertain their broad speculations he finally threw up his hands Anyone who really wants to figure out the words to our songs should probably read this essay then go back and listen Stipe told the interviewer It talks about how people misinterpret something that s being said and come up with a little phrase or word that actually defines the essence of what the original was better than the original did What Stipe was trying to say is that if you want answers to R E M you re not only looking in the wrong place you re also asking the wrong questions **The Overrated Book** Henry H. Owings, 2006 Brought about by the staff of Chunklet Magazine a paragon of satire for the holy cows of underground music and culture Since the early 90s Chunklet has mercilessly lampooned the music industry and is one of the most beloved reads for the hippest bands and music aficionados The highly graphic style combines the work of political cartoonist Ted Rall with many talented young artists from the Cartoon network 1,000 Recordings to Hear Before You Die Tom Moon, 2008-08-28 A guide to music provides recommendations on one thousand recordings that represent the best in such genres as classical jazz rock pop blues country folk musicals hip hop and opera with listening notes commentary and anecdotes about performers Cool Town Grace Elizabeth Hale, 2020-02-13 In the summer of 1978 the B 52 s conquered the New York underground A year later the band s self titled debut album burst onto the Billboard charts capturing the imagination of fans and music critics worldwide The fact that the group had formed in the sleepy southern college town of Athens Georgia only increased the fascination Soon more Athens bands followed the B 52 s into the vanguard of the new American music that would come to be known as alternative including R E M who catapulted over the course of the 1980s to the top of the musical mainstream As acts like the B 52 s R E M and Pylon drew the eyes of New York tastemakers southward they discovered in Athens an unexpected mecca of music experimental art DIY spirit and progressive politics a creative underground as vibrant as any to be found in the country s major cities In Athens in the eighties if you were young and willing to live without much money anything seemed possible Cool Town reveals the passion vitality and enduring significance of a bohemian scene that became a model for others to follow Grace Elizabeth Hale

experienced the Athens scene as a student small business owner and band member Blending personal recollection with a historian's eye she reconstructs the networks of bands artists and friends that drew on the things at hand to make a new art of the possible transforming American culture along the way In a story full of music and brimming with hope Hale shows how an unlikely cast of characters in an unlikely place made a surprising and beautiful new world *501 Essential Albums of the '80s* Gary Graff, 2025-05-20 501 Essential Albums of 80s is the ultimate curated list detailing dozens of the decade's most influential releases across all genres featuring descriptions of the releases album art and artist imagery **Spin**
