*Engaging Young Children in Museums* Sharon E Shaffer,2016-06-16 What does a museum do with a kindergartner who walks through the door The growth of interest in young children learning in museums has joined the national conversation on early childhood education Written by Sharon Shaffer the founding Executive Director of the innovative Smithsonian Early Enrichment Center this is the first book for museum professionals as well as students offering guidance on planning programming for young children This groundbreaking book Explains the various ways in which children learn Shows how to use this knowledge to design effective programs using a variety of teaching models Includes examples of successful programs tested activities and a set of best practices *Museums Magic and Children* Bonnie Pitman,1981 **International**

**Thinking on Children in Museums** Sharon Shaffer,2020-10-12 International Thinking on Children in Museums introduces current research theory and practice about young learners in museums around the world The book imparts vital knowledge about the nature of childhood and children s learning that will improve understanding of the very youngest museum goers Including contributions from practitioners scholars and consultants around the globe this volume examines museum practices and children s learning across a range of distinct cultural and geographic locales The framework of the book is based on research and current thinking in the realm of developmental psychology sociology and anthropology allowing the contributors to examine the evolution of early learning and children s programs through a sociocultural lens This broad based look at international museum practices for children offers a rare view of the field from an important but oft neglected perspective that of society and culture International Thinking on Children in Museums will broaden understanding of museum practice across cultures and geographic regions and as such will be of interest to scholars and students engaged in the study of museum education museum studies and early learning It should also provide a much needed source of inspiration for museum practitioners working around the world *Children's Museums as a New Informal Learning Environment in China* Xin Gong,2022-03-16 Based on solid theoretical and empirical analyses this book provides a first and fresh introduction to the recent development of children s museums in China along with their educational and social impacts as an informal learning environment for children families and society in general To understand the benefits of children s museums and in providing stimulating informal education to children the book looks into the origin and historical development of these institutions and how they have been influenced by informal learning theory museum education and early childhood education while providing case studies of children s museums in China and the learning that takes place in them This research analyses the process of informal learning and provides guidance on ways of elevating children s cognitive and noncognitive development in the informal space Different stakeholders of children s museums including parents and educators practitioners and designers researchers of informal education early childhood education and policy makers will benefit from the insights provided in this book *Museums in Motion* Edward P. Alexander,Mary Alexander,2008 In 1979

Edward P Alexander's *Museums in Motion* was hailed as a much needed addition to the museum literature. In combining the history of museums since the eighteenth century with a detailed examination of the function of museums and museum workers in modern society it served as an essential resource for those seeking to enter to the museum profession and for established professionals looking for an expanded understanding of their own discipline. Now Mary Alexander has produced a newly revised edition of the classic text bringing it the twenty first century with coverage of emerging trends resources and challenges. New material also includes a discussion of the children's museum as a distinct type of institution and an exploration of the role computers play in both outreach and traditional in person visits.

**Children's Museums** Joann Norris, 2009-03-20. In this guidebook to children's museums in the United States more than 200 contemporary museums science centers and discovery centers are listed along with brief descriptions and important contact information. All of the museums listed offer educational programs or activities tailored specifically to children including permanent children's displays and interactive hands on exhibits.
