# Optimist Racing

**Gary Jobson**

## **Optimist Racing:**

*Optimist Racing* Steve Irish, Phil Slater, 2019-09-03 The Optimist is the most popular junior sailing class worldwide with thousands of young people actively racing them and hundreds attending the major events in the class It has been the nursery for most of the top racing sailors in the world including all the Team GBR gold medallists at the last 2 Olympics Sir Ben Ainslie Hannah Mills Saskia Clark and Giles Scott the same will be true for most other countries Optimist Racing is written for those sailors parents and coaches who are looking for success in this competitive class In it you will learn what it takes to win including how to achieve blistering boatspeed through technique and tuning perfect boat handling and tactics as well as covering the mental and physical requirements for success There is also a section for parents and coaches describing how they can best support their young sailors Originally written by Ben Ainslie s Optimist coach Phil Slater this new edition has been completely updated by top international racing coach Steve Irish who can be found coaching Optimist and other sailors worldwide This book is the up to date handbook for sailing an Optimist fast

*Optimist Racing* Phil Slater, 2001-10-08 The Optimist is the most popular children s boat world wide with over 250 000 sailed in 70 countries This book is endorsed by the Optimist Association and is used by most Optimist coaches as their textbook This second edition is fully updated and describes all the latest rigging and sailing techniques Many Olympic gold medallists started in this class

**The Racing Calendar**, 1870

*The Winner's Guide to Optimist Sailing* Gary Jobson, 2004-02-17 Written by one of the best known figures in all of sailing and a leading authority on Optimist sailing and racing The Winner s Guide to Optimist Sailing is the ideal training manual for young skippers their parents and their coaches The most comprehensive sailing guide to the International Optimist dinghy class features Step by step instructions on every aspect of beginning sailing More than 100 stunning photographs and helpful illustrations Useful tips and winning tactics for competitive racing Special advice sections for parents and coaches

[Tactics Made Simple](#) Jon Emmett, 2019-03-05 Olympic gold medallist and multiple world champion Paul Goodison explains why this book is important if you want to win races He says To win sailboat races you need to sail the boat fast This comes down to hours on the water training and tuning there are few shortcuts to hours of practising on the water To consistently win races you need to sail fast and smart making the right decisions to sail the best course If you are not the fastest boat you are still able to win races and regattas by managing risk and sailing smart This is where good tactics come in But unlike boatspeed tactics may be learnt by thinking about each leg of the course and different situations from the comfort of your own home Jon Emmett s new book Tactics Made Simple is a great tool to help fast track this learning This book explains simply through hundreds of diagrams what tactics can be applied around the race track Individual boats in each scenario are given names so that you can easily understand what they are doing Individual chapters take you around the race course from before you get on the water through the pre start start different legs and manoeuvres Each section contains detailed advice for the beginner intermediate and advanced sailor so you can just look at the level of

tactics relevant to you Ideal for dinghy sailors there is also a wealth of advice that will benefit yachtsmen This is a practical way to improve your racing results whether starting out moving up the club circuit or competing at national level and beyond Originally published by Wiley Nautical as Be Your Own Tactics Coach      **Optimist Racing a Manual for Sailors Parents and Coaches** Phil Slater,1995      **Expert Dinghy Racing** Paul Elvstrøm,1963      *RYA The Racing Rules Explained 2021-2024 (G-G80)* Royal Yachting Association,Trevor Lewis,2020-11-25 Part of the RYA Racing series this new Racing Rules Explained book which replaces the 2017 2020 version is the complete guide to understanding the Racing Rules of Sailing and this format allows for very simple navigation and linking between sections to help you find the information you need Racing Rules are compulsory for all racing sailors the world over and this title serves to complement the existing RYA Sail Racing publications and also to provide adequate explanations through clear text and diagrams behind all the Racing Rules This book is for competitors race officials and anyone who wishes to increase their knowledge of the Racing Rules It is comprehensive with seven sections that contain rules for every competitor Fundamental Rules When Boats Meet Conduct of a Race Other Requirements when Racing Protests Redress Hearings Misconduct and Appeals Entry and Qualifications Race Organisation This book also references the 2021 2024 case books for World Sailing RYA USA and Canada making it the most relevant title available Written by Trevor Lewis former Chair of the RYA Racing Committee a World Sailing International Judge and an acknowledged rules expert Accessibility Screen Reader Friendly Yes Accessibility Summary This publication conforms to WCAG 2.0 Level AA Long descriptions are present Accessibility Features Images have alternate text Images have long descriptions Book has table of contents Accessibility Hazards None Accessibility Conformance WCAG 2.0 AA Self Certified by Royal Yachting Association      *RYA The Racing Rules Explained 2025-2028 (G-RRX25)* Royal Yachting Association,Trevor Lewis,2025-03-14 Part of the RYA Racing book series this new Racing Rules Explained 2025 2028 book is the complete guide to understanding the Racing Rules of Sailing This digital format allows for simple navigation and linking between sections to help you find the information you need Racing Rules are compulsory for all racing sailors the world over and this title serves to complement the existing RYA Sail Racing publications It provides adequate explanations with clear text and diagrams of all the Racing Rules This book is for competitors race officials and anyone who wishes to increase their knowledge of the Racing Rules Accessibility Screen Reader Friendly Yes Accessibility Summary This publication conforms to WCAG 2.0 Level AA It contains structural and page navigation Some pages from the print version are not included in the EPUB Long descriptions are present There are no videos Accessibility Features Images have alternate text Images have long descriptions Book has table of contents Print equivalent page numbers Accessibility Hazards None Accessibility Conformance WCAG 2.0 AA Self Certified by Royal Yachting Association      *The Golden Age of Offshore Yacht Racing* Dick Carter,Sandy Weld,2025-07-01 This bundle of two books tells of the life designs and success of yacht designer and skipper Dick Carter from his own perspective and that of one of his crew Sandy Weld Not many amateur yacht designers would dare to enter the

first boat they had ever designed into the epic offshore Fastnet Race let alone with the intention of winning it But that is what Dick Carter did in 1964 beating all 151 other yachts some sailed by the most notable sailors of the day He repeated the feat 4 years later with another of his own designs which also won the Admiral s Cup that year as top boat and top team but by then he could certainly not be described as an amateur yacht designer His radical innovations created fast and comfortable boats which were much in demand in this the golden age of offshore racing They were commissioned by the top sailors and succeeded in winning the Admiral s Cup Southern Cross Series One Ton Cup Two Ton Cup and many of the biggest races Racing with Dick in these years was Sandy Weld who helped launch tune and race the boats Dick skippered Sandy s account depicts the intense competition of crews dedicated to winning and the camaraderie and enthusiasm of those who participate in this demanding sport It is an appreciation of Dick Carter s designs and his skill as a skipper But after just a decade at the top of his game Dick Carter quit the world of sailing and moved on to other challenges He hadn t been heard of for so long that sailors assumed he was dead His surprise appearance at the funeral of Ted Hood gave rise to the suggestion that he wrote his autobiography While his career as a yacht designer may have been brief the impact of his innovations has lasted the test of time Who today would think of an offshore yacht without internal halyards in the mast or that the rudder always had to be fixed to the keel These concepts and many more were first introduced by Dick Carter
