**Paul Auster's Writing Machine** Evija Trofimova,2014-08-28 Paul Auster is one of the most acclaimed figures in American literature Known primarily as a novelist Auster's films and various collaborations are now gaining more recognition Evija Trofimova offers a radically different approach to the author's wider body of work unpacking the fascinating web of relationships between his texts and presenting Auster's canon as a rhizomatic facto fictional network produced by a set of writing tools Exploring Auster's literal and figurative use of these tools the typewriter the cigarette the doppelganger figure the city Evija Trofimova discovers Auster's writing machine a device that works both as a means to write and as a construct that manifests the emblematic writer figure This is a book about assembling texts and textual networks the writing machines that produce them and the ways such machines invest them with meaning Embarking on a scholarly quest that takes her from between the lines of Auster's work to between the streets of his beloved New York and finally to the man himself Paul Auster's Writing Machine becomes not just a critical investigation but a critical collaboration raising important questions about the ultimate meaning of Auster's work and about the relationship between texts their authors their readers and their critics

**Futurity** Amir Eshel,2013-01-14 When looking at how trauma is represented in literature and the arts we tend to focus on the weight of the past In this book Amir Eshel suggests that this retrospective gaze has trapped us in a search for reason in the madness of the twentieth century's catastrophes at the expense of literature's prospective vision Considering several key literary works Eshel argues in *Futurity* that by grappling with watershed events of modernity these works display a future centric engagement with the past that opens up the present to new political cultural and ethical possibilities what he calls futurity Bringing together postwar German Israeli and Anglo American literature Eshel traces a shared trajectory of futurity in world literature He begins by examining German works of fiction and the debates they spurred over the future character of Germany's public sphere Turning to literary works by Jewish Israeli writers as they revisit Israel's political birth he shows how these stories inspired a

powerful reconsideration of Israel's identity Eshel then discusses post 1989 literature from Ian McEwan's *Black Dogs* to J M Coetzee's *Diary of a Bad Year* revealing how these books turn to events like World War II and the Iraq War not simply to make sense of the past but to contemplate the political and intellectual horizon that emerged after 1989 Bringing to light how reflections on the past create tools for the future *Futurity* reminds us of the numerous possibilities literature holds for grappling with the challenges of both today and tomorrow Collected Prose Paul Auster,2010-06-22 The expanded edition of an essential collection of writings essays and interviews from Paul Auster one of the finest thinkers and stylists in contemporary letters The celebrated author of *The New York Trilogy* *The Book of Illusions* and *4 3 2 1* presents here a highly personal collection of essays prefaces true stories autobiographical writings and collaborations with artists as well as occasional pieces written for magazines and newspapers including his breathtaking memoir *Financial Times* *The Invention of Solitude* Ranging in subject from Sir Walter Raleigh to Kafka Nathaniel Hawthorne to the high wire artist Philippe Petit conceptual artist Sophie Calle to Auster's own typewriter the World Trade Center catastrophe to his beloved New York City itself *Collected Prose* records the passions and insights of a writer who will be remembered as one of the great writers of our time *San Francisco Chronicle*
