Oratio Catechetica:

Die Lehre von der Oikonomia Gottes in der Oratio catechetica Gregors von Nyssa R.J. Kees, 2015-12-22 This volume deals with Gregory of Nyssa's 394 C.E. soteriology as set forth in his handbook for catechetes. In part I-III the aim, method and structure of the *Oratio catechetica* are examined and the results are compared with Gregory's examples Origen and Athanasius. Part IV presents the relationship between his theology (*theologia*) and soteriology (*oikonomia*) as well as the interrelated topics of that soteriology thus describing the concept of *oikonomia* in the *Oratio catechetica*. Part V contrasts this concept with earlier works of Gregory and shows the developments of his thought. Part VI compares the teachings of Gregory with those of Methodius and Athanasius. The book is important for all those interested in early Christian thought and literature. The Catechetical Oratio of Gregory of Nyssa Saint Gregory (of Nyssa), 1903

Gregory of Nyssa: The Minor Treatises on Trinitarian Theology and Apollinarism Volker Henning Drecoll, Margitta Berghaus, 2011-07-12 These proceedings present the results of the 11th International Colloquium on Gregory of Nyssa held in Tübingen in 2008. The Trinitarian thought of Gregory deserves special attention because of its importance for the ending of the Trinitarian controversy in the late fourth century, paving the way for the widely accepted Trinitarian theology in the fifth century. This volume, which does not include *Contra Eunomium*, offers a contribution to the research on Gregory's Trinitarian theology as it is present notably in his so-called minor treatises. It provides a German translation of *Ad Eustathium*, *Ad Graecos*, *Ad Ablabium*, *Ad Simplicium*, *Adversus Macedonianos* and *De deitate filii*. Detailed analysis of each treatise is accompanied by supporting studies on related theological and philosophical themes, followed by contributions which take into consideration the link between Gregory's Trinitarian thought and the christological question *In illud tunc et ipse filius*, the anti-Apollinarist works. God Visible Brian E. Daley, 2018-01-19 *God Visible: Patristic Christology Reconsidered* considers the early development and reception of what is today the most widely professed Christian conception of Christ. The development of this doctrine admits of wide variations in expression, understanding and interpretation that are as striking in authors of the first millennium as they are among modern writers. The seven early ecumenical councils and their dogmatic formulations were crucial facilitators in defining the shape of this study. Focusing primarily on the declaration of the Council of Chalcedon in AD 451, Brian E. Daley argues that previous assessments that Christ was one Person in two natures, the Divine of the same substance as the Father and the human of the same substance as us, can sometimes be excessively narrow, even distorting our understanding of Christ's person. Daley urges us to look beyond the Chalcedonian formula alone and to consider what some major Church Fathers from Irenaeus to John Damascene say about the person of Christ. Dimensions of Baptism Stanley E. Porter, Anthony R. Cross, 2002-12-01 This book brings together work by J. Ramsey Michaels, Joel Green, Howard Marshall, Bruce Chilton, Craig Evans and the editors, as well as several others. The first section covers baptism in the New Testament, including the meaning of the word baptize, the baptism of John, Paul's own baptism and his theology of it, and baptisms in John 13, Acts and Hebrews. The second section

deals with baptism in the Early Church including essays on Jesus blessing of the children and baptism in the Epistle of Barnabas and in Gregory of Nyssa The third section addresses baptism in contemporary theology embracing ecumenical perspectives baptism as a trinitarian event and baptism as memorial as miracle and as falling into and out of power This wide ranging volume forms a sequel to Baptism the New Testament and the Church JSNT Supplements 171 and makes indispensable reading for all concerned with this topic *Baptist Sacramentalism 2* Anthony R. Cross, Philip E. Thompson, 2009-04-01 This second collection of essays exploring various dimensions of sacramental theology from a Baptist perspective includes biblical historical and theological studies from scholars from around the world Subjects covered are sacraments and sacramentality sacrament and sacrifice in Hebrews the sacrament of fearful intimacy the church as sacrament baptism and the Lord's supper for post Christendom Baptists Pauline baptism and Roman Insulae open communion for the contemporary church penance sacred space recovering a biblical understanding of baptismal regeneration the Lord's supper and the spirituality of C. H. Spurgeon Southern Baptist eucharistic sacramentalism and soul competency rethinking ex opere operato sacramentalism the sacramentality of the word in Gregory of Nyssa and searching for a common theology of baptism between Baptists and the Churches of Christ This volume does not speak the final word on the subject but is a step along the way toward the recovery and reconstruction of a robust sacramentalism in a Baptist modality Plato in the Third Sophistic Ryan C. Fowler, 2014-10-09 Plato in the Third Sophistic examines the influence and impact of Plato and Platonism in the era of Byzantine and Christian rhetoric The volume brings together specially commissioned articles from leading scholars of late antique philosophy and literature Their examinations show that Plato is the single most important and influential literary figure used to frame the literature of this time Plato in the Third Sophistic will help scholars and students from a wide range of disciplines to better understand the development of Christian literature in this era as an essential link in the history of Platonism as well as that of Christianity *A History of the Church to A. D. 461* Beresford James Kidd, 1922 *The Catechetical Oration of Gregory of Nyssa* James Herbert Srawley, 2014-10-23 Originally published in 1903 this book presents the complete Greek text of Gregory of Nyssa's *Oratio Catechetica* The text is consummately edited with detailed textual notes and a long critical introduction This book will be of value to anyone with an interest in Gregory of Nyssa theology and the history of Christianity **An Introduction to Saint Gregory of Nyssa's *Oratio Catechetica*** Mark J.
