to orchid collectors around the world 4 The trial took place in a courthouse south of Sanibel Laroche was charged with illegally removing more than two hundred rare orchid and bromeliad plants from the Fakahatchee Swamp He was also charged with criminal possession of endangered species and of illegally removing plant life from state property both of which are punishable by jail time and fines      **The Orchid Thief by Susan Orlean** Judi T. Kiraly,2002      *The Orchid Thief Reimagined* Jane Kent,2003      Authorship in Film Adaptation Jack Boozer,2009-06-03 Authoring a film adaptation of a literary source not only requires a media conversion but also a transformation as a result of the differing dramatic demands of cinema The most critical central step in this transformation of a literary source to the screen is the writing of the screenplay The screenplay usually serves to recruit producers director and actors to attract capital investment and to give focus to the conception and production of the film project Often undergoing multiple revisions prior to production the screenplay represents the crucial decisions of writer and director that will determine how and to what end the film will imitate or depart from its original source Authorship in Film Adaptation is an accessible provocative text that opens up new areas of discussion on the central process of adaptation surrounding the screenplay and screenwriter director collaboration In contrast to narrow binary comparisons of literary source text and film the twelve essays in this collection also give attention to the underappreciated role of the screenplay and film pre production that can signal the primary intention for a film Divided into four parts this collection looks first at the role of Hollywood s activist producers and major auteurs such as Hitchcock and Kubrick as they worked with screenwriters to formulate their audio visual goals The second part offers case studies of *Devil in a Blue Dress* and *The Sweet Hereafter* for which the directors wrote their own adapted screenplays Considering the variety of writer director working relationships that are possible Part III focuses on adaptations that alter genre time and place and Part IV investigates adaptations that alter stories of romance sexuality and ethnicity      **The New York Times Guide to the Best 1,000 Movies Ever Made** Peter M.
