## **Orchids Of The Philippines:**

The Orchids of the Philippines Jim Cootes,2001 This book is an excellent blend of information for serious orchid growers as well as orchid enthusiasts who may have plants of Philippine origin in their collections It documents both the popular well known species and those of botanical interest in a format designed to aid in identifying species found in collections

Descriptions are accompanied by more than 300 color photos **Philippine Native Orchid Aspecies** Jim Cootes,2011

**Orchids** IUCN/SSC Orchid Specialist Group,1996 This action plan chronicles the threats faced by wild orchids but more importantly to critical habitats that host extraordinarily high orchid diversity and endemism It explores and recommends specific ways that national and local government legislators scientists and orchid conservationists as well as growers can all help to reverse present trends The facts and viewpoints presented in this comprehensive document update and supplement the information available to conservation organizations and agencies through the world so that they can lobby their appropriate government offices more effectively Philippine Orchids Reg S.
