**The New Knighthood** Malcolm Barber,2012-03-26 The Order of the Temple was founded in 1119 with the limited aim of protecting pilgrims around Jerusalem It developed into one of the most powerful corporations in the medieval world which lasted for nearly two centuries until its suppression in 1312 Despite the loss of its central archive in the sixteenth century the Order left many records of its existence as the spearhead of crusading activity in Palestine and Syria as the administrator of a great network of preceptories and lands in the Latin west and as a banker and ship owner Because of the dramatic nature of its abolition it has retained its grip on the imagination and consequently there has developed an entirely fictional after history in which its secret presence has been evoked to explain mysteries which range from masonic conspiracy to the survival of the Turin Shroud This book offers a concise and up to date introduction to the reality and the myth of this extraordinary institution
