Optimistic Wisdom:

Optimistic Wisdom Srisuda Dhamwichukorn, Crystal Boon, 2003 Wisdom requires clear vision the ability to see the things that matter to pass over the things that don't and the discernment to know the difference In a fast paced world wisdom is also sometimes not equated with optimism But is this pessimism about the future wise Not according to the new book *Optimistic Wisdom Living in Peace without Worry* by Dr Srisuda Dhamwichukorn The waves of wisdom that travel from East to West have a peaceful swell the ocean of Pacific is peaceful The tradition of wisdom taught from the Far East has much to do with discernment While Western traditions often examine one's place in the world by looking outside first the Eastern traditions teach the opposite look first inside then prepare for whatever adventures the outside may offer Dr Dhamwichukorn hints at this complementary view of the two traditions along with the places where they peacefully interact A native of Thailand she grew up in a land of contrasts sprawling urban Bangkok has its islands of peace the havens of shelter from worry that have traditionally housed the most clear eyed of monks and buddhas So how do these teachings find wisdom without worry A fundamental tenet that often raises questions is the realization that life is suffering If the future is a path away from worry and towards peace then many teachers have taught what amounts to a startling starting point As Dr Dhamwichukorn writes in easily understandable affirmations the first shore relieving this ocean of suffering is the knowledge that the path exists in the first place The path the discipline the peaceful mind these are the refuges of those free from worry Therein lies the excitement of peace freedom Even as adventures present what may appear to be evidence of selfishness a shortage of love and compassion and the unforgiving failure to forget those things that don't matter the freedom of peace persists That is this book's discerning quality to balance selfishness with sharing to meet hate with love to find peace without worry Written in a modern but simple style the beautiful book *Optimistic Wisdom Living in Peace Without Worry* offers rest and reflection in a troubled ocean This is a guide filled with optimism The author having flown across the Pacific from Thailand to America refreshingly describes why that ocean between East and West is named for peace itself Reviewed by David Noever Dr David Noever serves as the executive vice president and chief technology officer and is responsible for overall development and implementation of the Mobular Technologies technology Dr Noever received his Ph D from Oxford University as a Rhodes Scholar in theoretical physics and B Sc from Princeton University summa cum laude and Phi Beta Kappa He was named 1998 Discover Magazine's Inventor of the Year for novel development of computational biology software and internet search robots culminating in co founding the startup company cited by Nature Biotechnology v 15 October 1997 p 1035 as first in its technology class He has authored more than 80 scientific research articles and book chapters He also received the Silver Medal of the Royal Society London UK and is a former Chevron Scholar San Francisco
