Orchestra Origins And Transformations

Robert R. Craven

Orchestra Origins And Transformations:

The Orchestra Joan Peyser,2006 The symphonic orchestra is intriguingly considered in essays by 23 leading music authors and thinkers Topics include historical beginnings the role of the conductor the orchestral audience the nature of the repertoire and how recordings have affected the modern orchestra With a new editor s introduction for this 2006 edition and a glossary of terms

The Orchestra Allen Percival,1965 **The Cambridge Companion to the Orchestra** Colin James

Lawson,Colin Lawson,2003-04-24 This guide to the orchestra and orchestral life is unique in its breadth of coverage It combines orchestral history and repertory with a practical bias offering critical thought about the past present and future of the orchestra Including topics such as the art of orchestration scorereading conducting international orchestras recording as well as consideration of what it means to be an orchestral musician an educator or an informed listener it will be of interest to a wideranging readership of music historians and professional or amateur performers

The Birth of the Orchestra : History of an Institution, 1650-1815 Music History and Literature San Francisco Conservatory of Music John Spitzer

Chair,Neal Zaslaw Professor of Music Cornell University,2005-08-05 This is the story of the orchestra from 16th century string bands to the classical orchestra of Haydn Mozart and Beethoven Spitzer and Zaslaw document orchestral organization instrumentation social roles repertories and performance practices in Europe and the American colonies concluding around 1800 with the widespread awareness of the orchestra as a central institution in European life

The Birth of the Orchestra John Spitzer,Neal Zaslaw,2004-04-29 This book traces the emergence of the orchestra from 16th century string bands to the classical orchestra of Haydn Mozart Beethoven and their contemporaries Ensembles of bowed stringed

instruments several players per part plus continuo and wind instruments were organized in France in the mid 17th century and then in Rome at the end of the century The prestige of these ensembles and of the music and performing styles of their leaders Jean Baptiste Lully and ArcangeloCorelli caused them to be imitated elsewhere until by the late 18th century the orchestra had become a pan European phenomenon Spitzer and Zaslaw review previous accounts of these developments then proceed to a thoroughgoing documentation and discussion of orchestral organization instrumentation and social roles in France Italy Germany England and the American colonies They also examine the emergence of orchestra musicians idiomatic music for orchestras orchestral performance practices and the awareness of the orchestra as a central institution in European life

The Orchestra: A Very Short Introduction D. Kern Holoman,2012-08-13 In this Very Short Introduction D Kern Holoman considers the structure roots and day to day functioning of the modern philharmonic society He explores

topics ranging from the life of a musician in a modern orchestra the recent wave of new hall construction from Berlin to Birmingham threats of bankruptcies and strikes and the eyebrow raising salaries of conductors and general managers At the heart of the book lies a troubling pair of questions Can such a seemingly anachronistic organization long survive Does the symphony matter in contemporary culture Holoman responds to both with a resounding yes He shows that the orchestra

remains a potent political and social force a cultural diplomat par excellence It has adapted well to the digital revolution and it continues to be seen as an essential element of civic pride In a time of upheaval in how classical music is created heard distributed and evaluated the orchestra has managed to retain its historic role as a meeting place of intellectual currents an ongoing forum for public enlightenment

Conductors in Britain, 1870-1914
