A Generative Thought Elisa Buzzi, 2013-04-08 The various contributors make clear the relevance of Giussani's thought to the North American and Western cultural and religious context. They point to an important element in all of Giussani's work: his proposal that the Christian Event is the answer to the deepest and most pressing questions in today's world. With his clear and vigorous awareness of the cultural, philosophical and theological issues central to the contemporary debate, Giussani succeeds in making the truth of the Catholic tradition both reasonable and relevant. Contributors include: Lorenzo Albacete, Pontifical Catholic University of Puerto Rico; Jorge Mario Bergoglio, Cardinal Archbishop of Buenos Aires; Remi Brague, Université La Sorbonne Paris; Carlo Caffarra, Archbishop of Ferrara Comacchio; Ralph Del Colle, Marquette University; Ravan Farh, United Nations; Giorgio Feliciani, Catholic University of Sacred Heart Milan; Neil Gillman, Jewish Theological Seminary NY; David J. Soaring with the Phoenix James A. Belasco, Jerre Stead, 1999-06-07 In the corporate world, complacent companies run the risk of extinction. In this guide, James Belasco and Jerre Stead propose that management must identify and focus on long-term future goals to propel a business into the future.

The Power of Truth Focus Apostle Jesse Duckworth Jr., 2013-06-14 We cannot succeed at anything in life without the natural ability to focus. There is no purpose, there is no real success without this innate ability you were born with called focus. There would be no technological/human successes in this world continuously without focus. However, this is an unbalanced world and as a result, so is our natural focused reality. This is not the way God designed this world to focus. Picture your natural focus being changed to a focus from another perspective by becoming the principled person God designed you to become. This can happen no matter what your disposition is right now through The Power of Truth Focus.

Technology, War and Fascism Herbert Marcuse, 2004-01-14 PUBLICITY TITLE: Marcuse's most famous book, *One-Dimensional Man*, has sold over 100,000 copies worldwide. Kellner and Marcuse, both big names in their own rights, first in a series of six, a must for libraries to have whole sets. Revival of HERBERT MARCUSE LEGACY: Marcuse's philosophy was so ahead of its time that it's almost more appropriate now than it was in the 1960s.

To Give One's Life for the Work of Another Luigi Giussani, 2022-02-15 Father Luigi Giussani engaged tirelessly in educational initiatives throughout the course of his life. Much of his thought was communicated through the richness and rhythm of oral discourse, preserved as audio and video recordings in the archive of the Fraternity of Communion and Liberation in Milan. This volume presents the last three spiritual exercises of the Fraternity.

of Communion and Liberation drawing from the transcripts of these recordings In these exercises Giussani investigates the rise of ethics and the decline of ontology that have accompanied modernity and the spread of rationalism Bearing up against old age and illness he resisted the urge to withdraw instead finding new avenues of communication and the technological means to reach all corners of the movement To Give One s Life for the Work of Another explores the nature of God the powerful human experience of self awareness and the fundamental components of Christianity in the unmistakable voice of a consummate teacher At a time when young people are abandoning the church and questioning the value of faith Father Giussani s method of judging and verifying Christianity as an experience is a timeless intervention
