New Pabages Mapping Your Life Acrob Time:

New Passages Gail Sheehy, 2011-09-28 THE 1 NEW YORK TIMES BESTSELLER Millions of readers literally defined their lives through Gail Sheehy's landmark bestseller *Passages*. Seven years ago she set out to write a sequel but instead she discovered a historic revolution in the adult life cycle. People are taking longer to grow up and much longer to die. A fifty-year-old woman who remains free of cancer and heart disease can expect to see her ninety-second birthday. Men too can expect a dramatically lengthened life span. The old demarcations and descriptions of adulthood beginning at twenty-one and ending at sixty-five are hopelessly out of date. In *New Passages* Gail Sheehy discovers and maps out a completely new frontier: a Second Adulthood in middle life. Stop and recalculate. Sheehy writes, "Imagine the day you turn forty-five as the infancy of another life. Instead of declining, men and women who embrace a Second Adulthood are progressing through entirely new passages into lives of deeper meaning, renewed playfulness and creativity beyond both male and female menopause." Through hundreds of personal and group interviews, national surveys of professionals and working-class people, and fresh findings extracted from fifty years of U.S. Census reports, Sheehy vividly dramatizes these newly developing stages. Combining the scholar's ability to synthesize data with the novelist's gift for storytelling, she allows us to make sense of our own lives by understanding others like us. *New Passages* tells us we have the ability to customize our own life cycle. This groundbreaking work is certain to awaken and permanently alter the way we think about ourselves. SHEEHY CLEARLY STATES IDEAS ABOUT LIFE THAT HAVE NEVER BEFORE BEEN AS CLEARLY STATED. Los Angeles Times Book Review. AN OPTIMISTIC ANALYSIS OF ADULT DEVELOPMENT IN PESSIMISTIC TIMES. It is grounded in the economic and psychological realities that make adult life so complex today. The New York Times Book Review.

New Passages Gail Sheehy, 1995. A provocative sequel to and a significant extension of Sheehy's international bestseller *Passages*. Sheehy finds a revolution in the adult life cycle as she traces not only radical changes in the earlier phases of the 20s, 30s, and 40s but discovers and maps out the new frontier: a second adulthood in middle life.

Smart Aging for Women Elizabeth Rigley, 2024-10-25. *Smart Aging for Women* empowers readers with an approach to living that can lead to a healthier, longer, and happier life. This in-depth look at the impact of lifestyle on aging will convince women that it is much easier to stay healthy than to cope with a chronic disease. This comprehensive guide will help you to understand the aging process, avoid the chronic diseases of aging with five key lifestyle strategies, navigate and survive perimenopause and menopause, maintain your libido and enjoy a fulfilling sex life, become your own health care advocate, learn about the latest surgical and non-surgical cosmetic procedures. Bristling with life and reasonable, actionable hope for all women, this guide shows you how to remain healthy, younger, and stronger well into your senior years. Even with a family history of chronic diseases, for the most part, your fate is in your hands. How long you live is more about how you live your life each day and less about how your parents died.
