**Intersectionality and Relational Psychoanalysis** Max Belkin,Cleonie White,2020-02-07 Intersectionality and Relational Psychoanalysis New Perspectives on Race Gender and Sexuality examines the links between race gender and sexuality through the dual perspectives of relational psychoanalysis and the theory of intersectionality This anthology discusses the ways in which clinicians and patients inadvertently reproduce experiences of privilege and marginalization in the consulting room Focusing particularly on the experiences of immigrants women of color sex workers and LGBTQ individuals the contributing authors explore how similarities and differences between the patient's and analyst's gender race and sexual orientation can be acknowledged challenged and negotiated Combining intersectional theory with relational psychoanalytic thought the authors introduce a number of thought provoking clinical vignettes to suggest how adopting an intersectional approach can help us navigate the space between pathology and difference in psychotherapy By bringing
