The Hooman Saga: Book One C. C. Brower,R. L. Saunders,J. R. Kruze,2019-01-09 Before the cities left and plunged our world into a global dark age there were stories that told that history Collected here are the works of three authors who have been telling scraps and pieces of what happened All through the eyes of the people and animals who lived it Some are fantastic others could be tall tales perhaps some are downright lies But that is all why they had to be published as fiction Because few people would believe it even as a TV documentary All highly speculative And that s why it s called Science Fiction But its a very human telling You may even find yourself in here Get Your Copy Now **A World Gone Reverse** S. H. Marpel,J. R. Kruze,2019-01-07 When the hamburgers all disappeared along with the buns I was warming I thought I was seeing things But when my spatula went through the cast iron grill top I had to let it go out of reflex No way was I going after it I d been burned too many times It wasn t like I had a choice after that Because the grill itself dropped out through the bottom of the rolling coach we were cooking out of that summer I looked up at Ham my order taker partner and lover only to see her fall through the floor as well A look of shock and trying to say something but frozen in time Then the coach

disappeared and I fell with it but only as far as the pavement it used to be parked on I could see the asphalt beneath my feet at least Until it turned to some sort of foamy waves lapping on a beach I d never seen before Green hard packed sand Green water And a long white line that went down this beach like it was some sort of dual lane highway Get Your Copy Now
