Here are some excerpts from reader reviews of the previous edition. These were all from verified purchasers you can still see the old listing on Amazon if you don't believe me. NelMom said After less than two weeks of concentrated practice using this book she did the SAT test for the 3rd time. Her math score shot up 150 points from her highest previous score. The improvement in her score pushed her to a level that qualifies for merit scholarships and Honors Colleges. Thus far our 16.95 investment has translated into 4 year merit scholarship offers from 3 schools equal to a total of over 200,000 and we haven't even heard from the rest of the colleges yet. So I can honestly say that buying this book has been the single best financial investment I have ever made. The book is nothing less than BRILLIANT. PHYSICS BOSS said Awesome SAT and PSAT math book. Thanks so much Mr Keller. Just found out my son got a 76 out of 80 on the PSAT math section. Training with your New SAT Math book was a big key to his success. KHH said It was very simple to follow and easy to understand. I ordered for my daughter to boost her SAT math score but much of it will help for any multiple choice math test she takes in the future.
