New Tarot:

Tarot and Other Meditation Decks Emily E. Auger, 2023-03-10 Arthur E Waite and artist Pamela Colman Smith's Rider Waite Tarot 1909 is the most popular Tarot in the world. Today it is affectionately referred to as the Rider Waite Smith Tarot in recognition of the high quality of Smith's contributions. Waite and Smith's deck has become the gold standard for identifying and analyzing contemporary Tarot and other meditation decks based on archetypes. Developments in both visual and literary history and theory have influenced Tarot since its fifteenth century invention as a game and subsequent adaptations for esotericism, cartomancy, and meditation. This analysis considers Tarot in relation to established modern and postmodern art movements such as Symbolism, Surrealism, and Pattern and Decoration Art, as well as the concepts and theories informing both the dominance and the dissolution of the modernist grid and hierarchical priorities. This work also explores the close connection between Tarot and the invention of the literary novel and includes new material on the representation of Tarot in film and fiction. A new chapter addresses the growing influence of the archetypal shadow and shadow work on Tarot as an artistic form, narrative genre, and practice in the new millennium. The New Tarot Handbook

Christopher Etter, 2005-05-01 Dyothelemic Christianity is based in the Christian theology of Dyotheleism and advocates the importance of realigning the human will with divine will. This is done in the image of the perfection of this universal principle as depicted by traditional Christian theology. Jesus Christ is seen as the perfection of this universal principle and He is seen as a model of perfection that one should seek alignment with. Along with the theory involved in this concept, I am introducing an adapted Jewish mystical doctrine and system as a tool to help understand both the nature of this theology and human self. Through Jewish internal meditational science, I am introducing a comprehensive new approach to both Christianity and realignment with the divine as well as a four-fold completion of Christian Theological doctrine that will help harmonize all the principles involved in this text. Dyothelemic Christianity is based on the scientific theory that there exists a universal divine order and will and the through alignment of the human will with divine will the human self is united with the divine Self as a harmony of natures and wills. Thus Christ means one person, one hypostasis, two harmonious non-contrary natures and two harmonious non-contrary wills. Keywords for the Crowley Tarot Hajo
