New Testament Origin

George Milligan

New Testament Origin:

The Origin of the New Testament Adolf Harnack, 2004-03-17 Adolf Harnack viewed the formation of the Christian canon as a mixed blessing. He was concerned about the exclusion of some early documents as well as the risks involved with Christianity becoming a religion of the book. This volume engages these concerns and others with scholarly creativity. Among other topics, Harnack examines reasons for the inclusion of four gospels in the New Testament rather than one. He concludes that the selection was a compromise between dominant churches, each invested in a particular gospel. This is classic Harnack and a true picture of the thought and mind of the last great 19th century theologian. *The Making of the New Testament* Arthur G. Patzia, 1995-05-25 In affirming the divine inspiration of Scripture, we too often forget the human side of the story. The narratives, letters, and Apocalypse of our New Testament were shaped by worn pens, gripped by calloused ink-stained fingers. Their authors' ears were more likely assaulted by the urban clatter of busy intersections and bustling markets than attuned to a still, small voice. Scrolls that bumped across cobbled Roman roads and pitched through rolling Mediterranean seas found their destination in stuffy, dimly lit, crowded Christian house churches in Corinth or Cenchreae. There they were read aloud and reread, handled and copied, forwarded and collected, studied and treasured. Their ordinary story is true to their extraordinary message: the mystery of the Word that became flesh. *The Making of the New Testament* is a textbook study of the origin, collection, copying, and canonizing of the New Testament documents. Like shrewd detectives reading the subtle traces of evidence, biblical scholars have studied the trail of clues and pieced together the story of these books. **The Revised Version of the New Testament**, 1881 *Outlines of New Testament History* Francis Ernest Gigot, 1898 **New Testament History** Harris Franklin Rall, 1914 **The New Testament, an Introduction** Norman Perrin, Dennis C. Duling, Robert L. Fern, 1982 **The New Testament Documents** George Milligan, 1913 *New Testament History* George Woosung Wade, 1922 **New Testament Origin** George Mamishisho Lamsa, 1947 **The origin of the New Testament and the most important...** Adolf von Harnack, 1925 *Jesus, the New Testament, and Christian Origins* Dieter Mitternacht, Anders Runesson, 2021-02-25 An introduction to the New Testament in its historical context with an overview of interpretative approaches and exegetical exercises. In this up-to-date introduction to the New Testament, twenty-two leading biblical scholars guide the reader through the New Testament's historical background, key ideas, and textual content. Seminarians and anyone else interested in a deep understanding of Christian Scripture will do well to begin with this thorough volume that covers everything from the historical Jesus to the emergence of early Christianity. The contributors stress the importance of Christianity's emergence within and from Second Temple Judaism. Unique to this book is a special focus on interpretative methods, with several illustrative examples included in the final chapter of various types of scriptural exegesis on select New Testament passages. Readers are guided through the hermeneutical considerations of a historical text-oriented reading, a historical-analogical reading, a rhetorical-epistolary reading, argumentation analysis, feminist analysis.

postcolonial analysis and narrative criticism among others These practical hands on applications enable students to move from an abstract understanding of the New Testament to a ready ability to make meaning from Scripture

The Origin of the New Testament William Wrede,1909 *The Origins of Christianity* ,1993-06-25 Including revisions and corrections to the text this latest revised edition investigates the foundation of Christianity and explores the development of the essential structure through which it has influenced subsequent religious and secular history

New Testament History and Literature Dale B. Martin,2012-04-24 In this engaging introduction to the New Testament Professor Dale B Martin presents a historical study of the origins of Christianity by analyzing the literature of the earliest Christian movements Focusing mainly on the New Testament he also considers nonbiblical Christian writings of the era Martin begins by making a powerful case for the study of the New Testament He next sets the Greco Roman world in historical context and explains the place of Judaism within it In the discussion of each New Testament book that follows the author addresses theological themes then emphasizes the significance of the writings as ancient literature and as sources for historical study Throughout the volume Martin introduces various early Christian groups and highlights the surprising variations among their versions of Christianity

An Introduction to the New Testament M. Eugene Boring,2012-10-13 This thoroughly researched textbook from well respected scholar M Eugene Boring presents a user friendly introduction to the New Testament books Boring approaches the New Testament as a historical document one that requires using a hands on critical method Moreover he asserts that the New Testament is the church s book in that it was written selected preserved and transmitted by the church Boring goes on to explore the historical foundation and formation of the New Testament within the context of pre Christian Judaism and the world of Jesus and the early church He then examines the individual books of the New Testament providing helpful background information and methods for interpretation and revealing the narrative substructure found within each of the Gospels and Letters This volume includes helpful illustrations charts notes and suggestions for further reading Sections are laid out in a well organized manner to help students navigate the content more easily

The Three Gospels Martin Mosse,2007 Presents a logical assault upon the Synoptic Problem which develops into a general treatment of the major issues in New Testament history This book offers an integrated case for early dates and traditional authorship of the three Synoptic Gospels and Acts in opposition to the redundant hypothesis of Q *Critical History of the Versions of the New Testament* Richard Simon (oratorien.),1689 *The Birth of the New Testament* Raymond F. Collins,1993

The Origin and Teaching of the New Testament Books Ernest DeWitt Burton,Fred Merrifield,1917 **New Testament History** F. Bruce,1971 Originally published London Nelson 1969
