*My Life and My Films* Jean Renoir,1974 Contains primary source material      My Life- My War- World War 2 Stanley B. Loomis,2010 Wars are started by a person or persons and are usually a quest for power for a person or a group of people and they don t really care how many people are killed nor how many families are losing a father mother or brothers or whole families and their relatives Sometimes it is necessary to start a war by a peaceful nation against countries tat are harming and have the publically displayed their intentions to extend their borders by taking land from established country s land and people This I would consider declaring a war to be the only necessary solution to the problem but still a war with people getting maimed and killed In World War One Germany was the problem once again lust for power I wasn t even thought of at that period of time in fact I hadn t even arrived on the scene at that point of time But think about it for a moment there s not one inch of land that has increased in size in those thousands of years of civilization and wars I was a training in Camp Blanding in Florida we could look in any direction and there was a sign posted in large letters Kill or Be Killed Kill or Be Killed We were just 18 or 19 year old kids think about it Kill or Be Killed what an education but necessary to imprint it inside our young brains It gave us young kids a reason to become killers hesitate for a second and you re dead Back then in training we used to repeat over and over was that wars were necessary to Decrease The Surplus Population It is most certainly a true statement

Marc Chagall 1887 1985 in 1922 this lyrical evocative and unique book is a key work to understanding the life and art of this creative genius who has come to be known as the Father of Surrealism His deep roots in Jewish tradition religious and secular are reflected in these recollections of his poverty stricken youth in White Russia to his involvement in the Paris art world prior to World War I and back again to Russia until his decision in 1923 to finally return to Paris Belongs unmistakably to the world of his paintings it flickers with sharp responses and vivid phrases *New Statesman* *Being Hal Ashby* Nick Dawson, 2009-04-17 Hal Ashby 1929 1988 was always an outsider and as a director he brought an outsider's perspective to Hollywood cinema After moving to California from a Mormon household in Utah he created eccentric films that reflected the uncertain social climate of the 1970s Whether it is his enduring cult classic *Harold and Maude* 1971 or the iconic *Being There* 1979 Ashby's artistry is unmistakable His skill for blending intense drama with off kilter comedy attracted A list actors and elicited powerful performances from Jack Nicholson in *The Last Detail* 1973 Warren Beatty and Julie Christie in *Shampoo* 1975 and Jon Voight and Jane Fonda in *Coming Home* 1979 Yet the man behind these films is still something of a mystery In *Being Hal Ashby* Life of a Hollywood Rebel author Nick Dawson for the first time tells the story of a man whose thoughtful and challenging body of work continues to influence modern filmmakers and whose life was as dramatic and unconventional as his films Ashby began his career as an editor and it did not take long for his talents to be recognized He won an Academy Award in 1967 for editing *In the Heat of the Night* and leveraged his success as an editor to pursue his true passion directing Crafting seminal films that steered clear of mainstream conventions yet attracted both popular and critical praise Ashby became one of the quintessential directors of the 1970s New Hollywood movement No matter how much success Ashby achieved he was never able to escape the ghosts of his troubled childhood The divorce of his parents his father's suicide and his own marriage and divorce all before the age of nineteen led to a lifelong struggle with drugs for which he became infamous in Hollywood And yet contrary to mythology it was not Ashby's drug abuse that destroyed his career but a fundamental mismatch between the director and the stifling climate of 1980s studio filmmaking Although his name may not be recognized by many of today's filmgoers Hal Ashby is certainly familiar to filmmakers Despite his untimely death in 1988 his legacy of innovation and individuality continues to influence a generation of independent directors including Wes Anderson Sean Penn and the Coen brothers who place substance and style above the pursuit of box office success In this groundbreaking and exhaustively researched biography Nick Dawson draws on firsthand interviews and personal papers from Ashby's estate to offer an intimate look at the tumultuous life of an artist unwilling to conform or compromise *Book Review Digest*, 1923 *From My Life* Richard Willstätter, 1965 *Story of My Life and Work* George Frederick Wright, 1916 **My Life as a Naturalist** William Percival Westell, 1918 *McClure's Magazine*, 1917 **My Motley Life** Keble Howard, 1927 *Curtain*, 1922 *Life* John Ames Mitchell, 1928
