

# PARENT HELPER MEET AND GREET FORM

## Parent Helper

As a school we understand that many jobs and/or chores prevent many parents from sharing more time in the classroom. Still, if your days are a little more flexible and you would like to join us sometime, we are sure the children would love to have you in our class and we know we will create unforgettable memories together! Please take a second to fill out this short form if you are interested!

I usually invite volunteers once a week in our circle time (7:00-7:30)

What activities can you do as a Parent Helper?

- Read a book
- Sing some songs
- Bring your pet to visit
- Teach the children a new skill (dancing, exercise, costume jewelry, diy, among others)

Let your imagination fly!

Name: \_\_\_\_\_ Child: \_\_\_\_\_

I am available on the following days:

- ☐ Monday
- ☐ Tuesday
- ☐ Wednesday
- ☐ Thursday
- ☐ Friday

Once I know how many parent helpers we will have, I will be contacting you to schedule our visit (always a week in advance)

With Love, Miss Alma

Thank you very much!

## **Parents Helper:**

The Sunday School Helper ,1870      Parents, Help Your Child Say No to Drugs Norman Leibrock,2002-08-07 Books are like people each one has its own story My book is a story about teenagers with an addiction for drugs and the adverse effects these addictions have on their parents My hope is that this book will present a picture of the many changes that can present themselves in the lives of young people and parents in their battle with mind altering drugs Many parents unfortunately are lost in the complexities of our everyday busy lives and their minds are clouded to the problems that are developing before them Many of us are either oblivious to the problem of drugs or are too afraid to admit to ourselves that we do not know what to do if it happens in our families Parents are sadly convinced that drug addiction can never happen to their children My wife Jane and I had to face that sudden realization that drugs were destroying the life of our son I believe that my book when read in its entirety will give you the guidance and insight to help all parents and their children to fight drug addiction and to render proper guidance to those already in the grip of mind altering drugs This book will help to illuminate those hidden changes that drugs can bring into the lives of our children and teenagers and with it the effects it will have on those around them I hope and pray that the sharing of this valuable information along with my own experiences will be a positive force in the thinking of our teenagers and their loving parents My fellow parents it is of the utmost importance that no matter what happens and how tough it may get remember there is no other way but up Wherever you are and whatever the problem dont ever stop the fight against drug addiction I am aware that in the hard nosed world we live in there are a multitude of self help books and numerous concepts and scientific theories on how to successfully face your problems and bring about changes in your life But I have written my book for this reason that parents can be hopeful in a time of adversity suffering from a family drug addiction problem Let faith and understanding change your life around As parents we often read about drugs and the effects they have upon our children Invariably our many conversations will drift to the topic of drug addiction and whether our children are in fact using drugs and what we can do about it I remember sitting with a group of parents discussing drugs Although we all agreed that the rapid introduction of mind altering substances was a critical problem to our children not everyone was in agreement what we should and could do about this problem if it affects our family Some parents told us our family is very content since all our children are young this problem doesnt pertain to us at this time Some parents sat back and told me that their teenage children have never taken drugs They never had to discuss drugs with their children because they knew they would never touch them A third group of parents were honest enough to admit that their teenage son was a drug addict for years and they didnt know it and when they found out about it they didnt know what to do about it Parents do these statements sound familiar Perhaps something you have heard before but shrugged it off as something you would never have to worry about I realize that this is a sad scenario but very true Too many parents are not taking the time to talk to their children and establish a drug free family when they are young and vulnerable The result has been too many

young people becoming drug addicts Some of them could have been prevented or helped at a young age That initial help must come from us as their parents We must have a constant sense of awareness of this problem facing our children today Remember parents we cannot change the nature of the drug addict or his addiction but we can help     *The Primary Teacher's Helper* Mrs. Charles Cutting,1910     Michigan Education Journal ,1925 Includes section Moderaor topics     *To School at Five* Margery Renwick,1984     *Parents, Help Your Child Become a Better Reader* Ellen Birlem,Katherine Wiesendanger,1982     *True Latter-Day Saints' Herald* ,1912 The family magazine of the Reorganized Church of Jesus Christ of Latter Day Saints     **The Union Pacific Magazine** ,1928 Employee magazine of the Union Pacific System     Helping Parents Help Their Children L.
