Africans who fought alongside the British against the Zulu king **Leo Tolstoy, his life and work, revised by L. Tolstoy** Pavel Ivanovich Biryukov, 1906 *Assignment Moscow* James Rodgers, 2020-06-25

The story of western correspondents in Russia is the story of Russia's attitude to the west. Russia has at different times been alternately open to western ideas and contacts cautious and distant or for much of the twentieth century all but closed off. From the revolutionary period of the First World War onwards correspondents in Russia have striven to tell the story of a country known to few outsiders. Their stories have not always been well received by political elites, audiences and even editors in their own countries but their accounts have been a huge influence on how the West understands Russia. Not always perfect at times downright misleading they have overall been immensely valuable. In *Assignment Moscow* former foreign correspondent James Rodgers analyses the news coverage of Russia throughout history from the coverage of the siege of the Winter Palace and a plot to kill Stalin to the Chernobyl explosion and the Salisbury poison scandal.

Fathers in the Motherland Swapna M Banerjee, 2022-08-03

This monograph breaks new ground by weaving stories of fathers and children into the history of gender, family and nation in colonial India. Focusing on the reformist Bengali Hindu and Brahmo communities the author contends that fatherhood assumed new meaning and significance in late nineteenth and early twentieth century India. During this time of social and political change fathers extended their roles beyond breadwinning to take an active part in rearing their children. Utilizing pedagogic literature, articles in scientific journals, autobiographies, correspondence and published essays *Fathers in a Motherland* documents the different ways the authority and power of the father was invoked and constituted both metaphorically and in everyday experiences. Exploring specific moments when educated men as biological fathers, literary activists and educators assumed guardianship and became crucial agents of change Banerjee interrogates the connections between fatherhood and masculinity. The last chapter of the book moves beyond Bengal and draws on the lives of Mohandas K Gandhi and Jawaharlal Nehru to provide a broader salience to its argument. Reclaiming two missing links in Indian history fathers and children the book argues that biological and imaginary fathers assumed the moral guardianship of an incipient nation and rested their hopes and dreams on the future generation.
