My Play Along Find The Pairs:

Cue Cards for Life Christina Steinorth, 2012-05-08 With almost 7 billion people on the planet we are bound to run into communication problems sometime. And though we know healthy relationships and a sense of community are essential for a healthy happy and successful life some of us are not equipped or quite prepared to deal with the situations and the life transitions we sometimes face. Cue Cards for Life is a handy intuitive how to guide that can be easily applied in real life situations. In her private practice as a psychotherapist Christina Steinorth noticed that many of her patients came in with the same communication problems. Couples would neglect their love relationships, parents would talk at their teens instead of talking to them, and adults found few guidelines for interacting well with their aging parents. In fact, most people seemed to put more thought into deciding what to have for dinner than they did in choosing what they said and how they behaved in important situations. As a result, something seemed to go wrong but they were unsure of exactly what. Steinorth made Cue Cards for her patients to help them with these recurring problems. Cue Cards are deceptively simple reminders and remedies that anyone can use to immediately improve just about any relationship. Each card is accompanied by a clear and encouraging explanation of the psychological principles that make the cue card work. These straightforward tips are so practical and down to earth that anyone can use them to communicate effectively with others, minimize conflict, and handle life transitions with greater ease. The book starts with an overview of communication basics such as the importance of listening and eye contact, boundaries and personal space, and nonverbal communication body language. Steinorth then offers prompts that highlight what to say and do in a variety of situations. The book includes Cue Cards for improving communication relationships in the areas of love, parent-teen interaction, caring for aging parents, getting along with in-laws, and in the workplace. There are also Cue Cards for weddings, parties, and major social events. The book can be read cover to cover, or readers can easily flip to sections relevant to their needs. The 47 Cue Cards are presented visually as cards, leaving potential for a later card deck. These prompts can also be used daily as an overall commitment to improved relationships in one's life, or to creatively foster more harmonious relationships in a group or between individuals. Each card reminds the reader about some interpersonal basic such as taking responsibility, earning respect, being honest, asking for help, being kind, being a good role model, even grooming. Cue Cards for Life can help people improve their daily interactions. Most of us underestimate the power common courtesy and kindness have to improve all relationships, and all of us encounter situations in life where we stumble a little. Sometimes we need a gentle reminder, a cue card, a clue card to steer us back in the right direction.
