[Specifications and Drawings of Patents Issued from the United States Patent Office](#) United States. Patent Office, 1981-12 *Threshold Spaces* Till Boettger, 2014-09-25 What is a threshold space? A prelude, an intermediate space, a barrier inside or outside. The threshold space is all of these usually even at the same time. He lives on the spatial ambivalence between opening and closing and at the same time creates the expectation of what is to come. Till Boettger has dealt in teaching and research projects closely with the architectural staging of arrival and reception. His book is a collection of exemplary phenomenological analyzes of spatial transitions in historical and modern cultural buildings by renowned architects. It also develops a methodology to optimize threshold rooms in all construction projects. In addition to a balance that can generate an exciting space, there is also primarily the temporal sequence of experiencing determining. Threshold spaces are shown here in their role as a spatial agent they receive and bid farewell.

Christian Ethics in Conversation Isaac B. Sharp, Christian T. Iosso, 2020-10-05 Inspired by Donald W. Shriver Jr.'s leadership of Union Theological Seminary New York City, *Christian Ethics in Conversation* brings together essays by members of a stellar faculty including Gary Dorrien, Larry Rasmussen, Phyllis Trible, and Cornel West and interdisciplinary colleagues such as Columbia University biologist Robert Pollack, Chancellor Emeritus of the Jewish Theological Seminary, Ismar Schorsch, and Pulitzer Prize winning Yale historian David W. The challenges they describe of embracing diversity while facing financial pressure and encouraging social change speak to seminaries, churches, denominations and faithful individuals facing similar challenges today.
