Author Patrick Tucker uses insights and techniques gained from over 40 years of directing both screen and stage to open up the craft of effectively telling stories, exploring the reality of a directing career with practical day-to-day solutions and problem-solving methods for working directors. This book addresses the fact that most professional directors spend their careers directing other writers' scripts and deals with the practicalities of working on continuing dramas. Following the Director's mantra of "show, not tell," it contains over 300 illustrations, diagrams, paperwork examples, and floor plans with lists and charts throughout. Covering planning, preparation, and shooting a project, it delves beyond just script construction and into the nuts and bolts of screen directing. Directors at any level are always under huge time constraints, and this book provides immediate and simple solutions to working under such restrictions.
