**Om, Creative Meditations from Alan Watts** Alan Watts,1980      **Om, Creative Meditations** Alan Watts,1980      Om  
Alan Watts,Matthias Güldenstein,1982      **The Feng Shui of Abundance** Suzan Hilton,2002-05-14 Money is more than a bank balance it's a reflection of the overall abundance in your life Now a CPA and feng shui practitioner presents an unusual and valuable application of the ancient Eastern tradition of feng shui Delving into all of the life forces that affect financial health The Feng Shui of Abundance is not just a monetary makeover it is a whole being program whose benefits include Locating the wealth area of your office or home Dislodging clogged energy in your career Drawing on the five currents of the River of Gold to address debt personal spending and your own potential for abundance Creating a financial plan that speaks to your dreams and desires A liberating book for those who feel financially trapped and for anyone who wants to achieve his or her potential The Feng Shui of Abundance incorporates all three feng shui aspects wind water and energy unleashing the forces that control true wealth creating clearer harmony between your money goals and dreams This is the perfect handbook for anyone seeking genuine peace of mind as well as financial prosperity      **Emerson and Environmental Ethics** Susan Dunston,2018-09-15 At the core of Emerson's philosophy is his view as a naturalist that we are made of the same atoms as the world is In counterpoint to this identity he noted the fluid evolution and diversity of combinations and configurations of those atoms Thus he argued our relation and connection to the world are not occasional or recreational but everywhere and always and also reciprocal ongoing and creative He declared he would be a naturalist which for him meant being a knowledgeable lover of nature Emerson's famous insistence on an original relation to the universe centered on morally creative engagement with the environment It took the form of a nature literacy that has become central to contemporary environmental ethics The essential argument of this book is that Emerson's integrated philosophy of nature ethics and creativity is a powerful prototype for a diverse range of contemporary environmental ethics After describing Emerson's own environmental literacy and ethical aesthetic and creative practices of relating to the natural world Dunston delineates a web of environmental ethics that connects Emerson to contemporary eco feminism living systems theory Native American science Asian philosophy and environmental activism      **Romanticism and Philosophy** Sophie Laniel-Musitelli,Thomas Constantinesco,2015-05-22 This volume brings together a wide range of scholars to offer new perspectives on the relationship between Romanticism and philosophy The entanglement of Romantic literature with philosophy is increasingly recognized just as Romanticism is increasingly viewed as European and Transatlantic yet few studies combine these coordinates and consider the philosophical significance of distinctly literary questions in British and American Romantic writings The essays in this book are concerned with literary writing as a form of thinking investigating the many ways in which Romantic literature across the Atlantic engages with European thought from 18th and 19th century philosophy to contemporary theory The contributors read Romantic texts both as critical responses to the major debates that have shaped

the history of philosophy and as thought experiments in their own right This volume thus examines anew the poetic philosophy of Wordsworth Coleridge Blake Shelley and Clare also extending beyond poetry to consider other literary genres as philosophically significant such as Jane Austen s novels De Quincey s autofiction Edgar Allan Poe s tales or Emerson s essays Grounded in complementary theoretical backgrounds and reading practices the various contributions draw on an impressive array of writers and thinkers and challenge our understanding not only of Romanticism but also of what we have come to think of as literature and philosophy    **Into Every Life a Little Zen Must Fall** Alan Keightley,1986    *Crisis Intervention Strategies for School-based Helpers* Thomas N.
