

Miniature Stuff

ML Morrison

Miniature Stuff:

The Small Stuff of Roman Antiquity Emily Gowers, 2025-01-21 Why are the small and unimportant relics of Roman antiquity often the most enduring in both material form and our affections Through close encounters with minor things such as insects brief lives quibbles irritants and jokes Emily Gowers provocatively argues that much of what the Romans dismissed as superfluous or peripheral in fact took up immense imaginative space There is much to learn from what didn't or shouldn't matter It was often through the small stuff that the Romans most acutely probed and challenged their society's overarching values and priorities and its sense of proportion and justice By marking the spots where the apparently pointless becomes significant this book radically adjusts our understanding of the Romans and their world as well as our own minor feelings and intimate preoccupations
