perhaps it's something you've thought about for some time. Either way, once you begin the process, you will love it. You might even become obsessed with writing. And no, it most likely won't be a 300-page New York Times bestseller that you'll create in only 90 days, but you will be able to write an actual 50 to 100-page book working only 7 minutes per day. Perhaps you'll want to write for a bit longer at each session. It's totally up to you: your decision, your desire, your dedication, and your determination to write, write, and write some more. Do you want to tell your life story? What a perfect gift to your children or grandchildren. Maybe you want to share what you've learned about life and convey your vision and your values. Perhaps you want to design your own characters and create a story to place them in. Either way, when you've finished your book, you'll be so proud of what you've accomplished. You can inspire your readers towards a higher purpose, heal the pain they are experiencing through a story of triumph over adversity, or make them forget their own problems as you take them on a magical journey you've created in your mind. So grab your pencil and get ready to fill in the blanks to create a writing plan for your story that you can soon share with the world.

**The Sun, the Moon, the Stars and Maya** Rich Okun, 2013-03-26

The Sun, the Moon, the Stars and Maya is a very different kind of book in a unique format and richly textured with over 90 full-color original illustrations and is one of those truly rare books that can be enjoyed equally by a child and a grown-up, and most of all, both a child and adult together. This book will surprise and delight you and your family and makes the perfect gift. Our lives are bombarded with things that can take us away from the special connections we are capable of. Each of us has the ability to demonstrate love, compassion, gratitude, and generosity. We can choose to live our lives by the Golden Rule. We can make time to appreciate the exquisite construction of our planet and experience the joys of nature. We can look toward the star-spangled heavens, appreciate the velvet silence, and draw peace from spirituality. We have the ability to find beauty in simplicity, and we can marvel at the complexity of what at first glance appears deceptively simple. Many of us have just forgotten how. In today's busy, electronics-oriented world dominated by distractions, special effects, and noisy shoot-em-ups, simple earth-based spiritual and moral issues have been effectively obscured from view and buried in the smoky haze of the fiery explosion of computer-generated images. The Sun, the Moon, the Stars and Maya was created to help families discuss important issues with their children. Illustrations of Maya, the Shih Tzu puppy muse, in complementary settings accompany bits of wisdom relating to spiritual and moral issues. Notable quotations are the inspiration for Maya's simple language, lyrical interpretations meant to evoke awe and wonder in all things and capture the imagination of the child and the child within the parent. Access to downloadable hi-resolution downloads and audio readings online and so much more are also granted with your purchase.
