and Peace**

## **Mirror To Damascus:**

**Mirror To Damascus** Colin Thubron, 2011-06-08 A 50th anniversary edition of Colin Thubron's celebrated first book a portrait of Syria's capital city with a new introduction by the author Described by the author as simply a work of love Mirror to Damascus provides a rich and fascinating history of Damascus from the Amorites of the Bible to the revolution of 1966 and is also a charming and witty personal record of an extraordinary city In explaining how modern Damascus is rooted in immemorial layers of culture and tradition Colin Thubron explores the historical artistic social and religious inheritance of its people Along the way he shares unforgettable stories about the enterprising travellers of bygone days Mirror to Damascus is a unique portrait of a city now obscured by recent upheavals by one of the most indefatigable and popular of travel writers

**Mirror to Damascus** C. Thubron, 1996    **From Cairo to Baghdad** James Canton, 2014-08-25 Until the 1880s British travellers to Arabia were for the most part wealthy dilettantes who could fund their travels from private means With the advent of an Imperial presence in the region as the British seized power in Egypt the very nature of travel to the Middle East changed Suddenly ordinary men and women found themselves visiting the region as British influence increased Missionaries soldiers and spies as well as tourists and explorers started to visit the area creating an ever bigger supply of writers and market for their books In a similar fashion as the Empire receded in the wake of World War II so did the whole tradition of Middle East travel writing In this elegantly crafted book James Canton examines over one hundred primary sources from forgotten gems to the classics of T E Lawrence Thesiger and Philby He analyses the relationship between Empire and author showing how the one influenced the other leading to a vast array of texts that might never have been produced had it not been for the ambitions of Imperial Britain This work makes for essential reading for all of those interested in the literature of Empire travel writing and the Middle East

**Syria, the Strength of an Idea** Karim Atassi, 2018-05-03 The Syrian crisis has confounded political leaders and experts who forecast a rapid fall of the regime This monumental error of interpretation has had tragic consequences for the unfolding of the crisis and its slide into a frightful civil war with regional and international ramifications This book looks at Syrian reality in a new light By analysing twenty five constitutions and constitutional texts and proposing an innovative classification of the different political regimes that have shaped Syria over the last one hundred years the author retraces the country's intense history and the persistence of a Syrian model defined by the Founding Fathers If on emerging from this war Syria maintains its unity and gives itself a democratic regime reflecting its society then the concept of Syria may find a new lease of life and Syria will once again be perceived as an idea full of promises

**Steel & Silk** Sami M. Moubayed, 2006 Syria was the headquarters of the Arab nationalist movement in the 1910s and leader of women's emancipation in the 1920s This work consists of profiles of 341 men and women and also includes a workshop for journalists and researchers that includes an annotated timeline of 20th Century Syria facts on Syria and brief bios of the leadership
