**Misguided Morality** Michael M. Winter, 2019-07-08 This title was first published in 2002 Misguided Morality presents a survey of how the Catholic moral programme has failed to make a decisive impact on the behaviour of the Church's members Despite a cogent theology of human conduct Michael Winter argues that its effectiveness is not impressive This book analyses what has gone wrong in the transmission of the New Testament ideals The book covers the whole field of morality starting with the bible and tracing the historical and sociological factors which have effected the dilution of those ideals frequently to the level of anodyne respectability Having explored the causes of failure Winter offers positive suggestions for improvement in each area where shortcomings have been revealed Combining loyalty to the Roman Catholic Church with constructive criticism of shortcomings in implementing moral policies this book is essential reading to those studying and participating in Catholic moral teaching in the contemporary church The author is well known for his books on the challenges to the Church after Vatican II including his books Mission or Maintenance and Whatever Happened to Vatican II

**Satisfaction of Interest and the Concept of Morality** Steve Smith, 1974 This work addresses itself to the question How is morality to be properly defined Also explored are the distinguishing characteristics of a moral code The conclusion to which this analysis leads is that moralities do not necessarily concern themselves with satisfaction of human interests and with conflict resolution *International Ethics* Mark R. Amstutz, 2005-01-03 This text presents the concepts theories methods and traditions of ethical analysis and then applies them to case studies in the areas of human rights military force foreign intervention economic statecraft and global political justice **Journal of Moral Theology, Volume 11, Issue 1** Jason King, M.
