## Tricks Photography Tutorial:

**Take Your Best Shot** Miriam Leuchter, 2011 Taking amazing pictures is getting easier and easier with the advances in digital photography. In Take Your Best Shot the first book in this series with Popular Photography our expert writers and photographers showed how to capture amazing images in the moment and how to set up a breath taking shot. This book takes image making to the next level showing how to create a wide range of photo effects from the subtle adjusting the color in a picture to create a different mood to the artistic compositions merging several photos to dramatic effect to the downright amazing how to photograph yourself levitating it's easier than you think. Competition titles either treat image manipulation and trick shots as an afterthought or concentrate solely on specific software products and techniques. This book does nothing but show such insider hints and proves that you don't have to be a Photoshop whiz or even own Photoshop to pull off the fantastic feats in this book. Set ups and techniques are described in detail with easy to understand illustrations and diagrams and a wealth of beautifully inspirational photography. Beginners will learn ways to quickly move into new realms of expertise and even old pros will pick up some new tricks. Anyone who has ever looked at an amazing composition or a skillful composite and said How did they do that will find this book irresistible.
