How  
to  
Survive  
the  
Coming  
Chaos

12:01am  
January 1, 2000

- Your electricity goes off.
- Phones aren't working.
- The computer at your local bank crashes.
- Police and 911 are nowhere to be found.
- The illusion of social stability is about to be shattered... and nothing can stop it.
- Can you protect yourself, your family, and everything you have worked for?
- Yes, you can. Here's how.

The Millennium Bug Michael S. Hyatt,1998 A how to protect your family in electronic emergencies      **Apocalyptic Fever** Richard G. Kyle,2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more      The Left Behind Fantasy William Powell Tuck,2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense      *Y2K, what Every Consumer Should Know to Prepare for the Year 2000 Problem* United States. Congress. House. Committee on Science. Subcommittee on Technology,1999      Flat Earth News Nick Davies,2011-11-30 Does fake news really exist Find out from the ultimate insider After years of working as a respected journalist Nick Davies in this shocking expos reveals what really goes on behind the scenes of this contentious industry From a prestigious newspaper that allowed intelligence agencies to plant fiction in its columns to the newsroom that routinely rejected stories due to racial bias to the number of papers that accepted cash bribes Gripping thought provoking and revelatory this is an insider s look at one of the most tainted professions Meticulous fair minded and utterly gripping Telegraph Powerful and timely his analysis is fair meticulously researched and fascinating Observer      **Right-Wing Populism in America** Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than

most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America
