## **Millennium Workbook:**

**Latin for the New Millennium** Milena Minkova, Terence Tunberg, 2017 This workbook contains exercises to be used with every chapter of Latin for the New Millennium Preface     **A Roman Map Workbook** Elizabeth Heimbach, 2010-01-01 A Roman Map Workbook meets the needs of today's students and introduces them to the geography of Rome and the Roman world. Veteran high school and college Latin teacher Elizabeth Heimbach provides students especially those studying Latin with a thorough grounding in the geography of the Roman world. The workbook walks students through each map discussing the importance of each place name making connections to Roman history and literature. The carefully chosen maps complement subjects and periods covered in the Latin and ancient history classroom. Contracub     Celebrating the Millennium Day One Publications, 1999     *Latin for the New Millennium: Level 2: Student Textbook* Milena

Minkova, Terence Tunberg, 2009-06-01 This complete introductory course to the Latin language suitable for both high school and college students consists of two volumes each accompanied by a teacher's manual and students workbooks. The strategy employed for teaching and learning incorporates the best of both the reading approach and the more abstract grammatical method. The choice of vocabulary in each chapter reflects ancient authors commonly studied for the AP Latin examinations. There are exercises designed for oral use as well as a substantial core of more conventional exercises in each chapter. The readings, pictures, and supplementary inserts on cultural information illuminate Roman life, civilization, Roman history, and mythology as well as the continuing use of Latin after antiquity and its vigorous literary tradition in such periods as the Middle Ages and Renaissance. Each chapter also includes derivatives, the influence of Latin vocabulary on English, and selected proverbs or common Latin sayings. Special Features: the best of the reading approach and the grammar translation approach; one Latin passage in each chapter that is adapted from post antique Latin literature; each chapter contains an unadapted selection of classical Latin from Nepos' Life of Atticus; text ends with ten additional unadapted selections from the Life of Atticus for students' transition to authors' courses; Nepos' selections accompanied by facing notes and vocabulary; clear, concise grammatical explanations; abundant exercises both Latin to English and English to Latin; optional oral exercises; vocabulary geared to upper level literature and AP syllabi; review unit for every three chapters; derivative and proverb studies; background essays on daily life and the culture of post ancient world; essays on the heroes of classical mythology; essays connecting the ancient post ancient and modern worlds; written by university scholars; plentiful full color illustrations complement the Latin text of each chapter; study tips for students; three maps custom made for Latin for the New Millennium; timeline of historical and literary events; Latin for the New Millennium Companion Website; this website has additional information about Latin for the New Millennium including a Teachers' Lounge. The teachers' lounge is a forum for teachers using and interested in using Latin for the New Millennium series textbooks, workbooks, and enrichment texts.     Celebrating the Millennium Day One Publications, 1999     *Millennium Workbook* James R. Hall, 1999-09-01 Designed to assist the
