# Militarism In Developing Countries

**Kirk S. Bowman**

## **Militarism In Developing Countries:**

*Militarism in Developing Countries* Kenneth Fidel, 2019 Interaction between civilian and military sectors is playing an ever increasing part in the development of many Third World nations today Unique in its combined focus on the military and development forces simultaneously at work in these countries *Militarism in Developing Countries* presents the latest findings of the best

**Militarism in Developing Countries** Kenneth Fidel, 1975 Interaction between civilian and military sectors is playing an ever increasing part in the development of many Third World nations today Unique in its combined focus on the military and development forces simultaneously at work in these countries *Militarism in Developing Countries* presents the latest findings of the best known scholars in this field The major issues themes problems processes and trends in this vital area of international diplomacy and study are looked at via a broad spectrum of approaches A comprehensive overview of the situation is contained in chapters including theoretical analyses case studies and general treatments Specific types of development models are related to the expansion of the military role Power seizures by military forces are discussed in light of the interplay among the changing class structures organizational structures and institutional processes that created the proper conditions for military takeovers and helped to select the personnel involved Elite civilian and military groups are examined along with the resultant social changes and development they fostered Similarly the consequential stagnation or progress that comes from the military's operation as a special interest group as well as its internal conflicts of interest are discussed Also covered are the potentials and limitations of military sponsored social changes international trends in the militarization of developing nations and foreign influences on the professional socialization of Third World officers This volume deftly highlights the fact that in most contemporary developing countries the military institution is inextricably involved not only in politics but also in determining every major social process

**Militarization, Internal Repression and Social Welfare in the Third World** Miles D Wolpin, 2023-10-27 First published in 1986 *Militarization Internal Repression and Social Welfare in the Third World* argues that there is a relationship between the level of a regime's military spending and the degree of internal repression it inflicts This book presents a detailed empirical analysis of this situation and presents the results of more than three dozen researchers who have published comparative or case studies of the substitution effects of military expenditures in socio economic areas While the primary concern is with the Third World the book also analyses the costs to advanced capitalist and to state socialist systems and discusses their role in further militarization This book will be of interest to students of political science international relations colonialism and area studies

**A World Divided** Geoff Tansey, Kath Tansey, Paul Rogers, 2021-01-26 This book first published in 1994 analyses the changing world order at the end of the Cold War As the East West military axis was replaced by North South economic polarization and global insecurity it became clear that future wars were likely to stem from resource and environmental conflict and from the effects of mass movements of displaced people Using case studies from around the world the authors

diagnose the problems caused by increasing militarism and analyse the links between conflict poverty development and the environment

**Encyclopedia of Violence, Peace, and Conflict**, 2008-09-05 The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world

*The Military in the Third World* Gavin Kennedy, 1974 The Book Has A Broad Sweep From Africa To Asia Latin America To The Middle East Israel And Even Turkey Topics Range From The Normal Military Interventions And The Fragility Of Political Structures To Defence Budgets The Economics Of War Local Arms Races And Arms Production And The Prospect Of Disarmament Cover Slightly Wornout Text Clean Condition Good

[The Internal and External Manifestations of Militarization in Developing Countries](#) M. C. Koop Berry, 1998

*Disarmament and Developing Countries* Édouard Nukhovich, 1984

[Problems of Contemporary Militarism](#) Asbjørn Eide, Marek Thee, 2021-05-30 This book first published in 1980 presents a comprehensive and detailed look at the problem of international militarisation It examines the key issues the meaning of the problem the international context and the spread of militarism to the Third World its fast growth and dangerous implications including to the development of often poorer countries

**Militarism and Science** Viktor Vasil'evich Borisov, 1986

[The SAGE Encyclopedia of War: Social Science Perspectives](#) Paul Joseph, 2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects

of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader s Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology

**Politics and Society in the Developing World** Peter Calvert,Susan Calvert,2014-06-03 In a world seemingly surfing a wave of unprecedented affluence it is sobering to be reminded that only thirty out of nearly two hundred countries can really be classified as advanced industrialized countries Eighty per cent of the world s population lives in the developing world This popular concise introduction scrutinises the developing world its varied political institutions and the key social economic and environmental issues at the heart of contemporary debates Wide ranging and clearly written Politics and Society in the Developing World begins by providing a brisk survey of the major theoretical and methodological interpretations of the social impact of development It then details the factors which determine the parameters of the developing world before moving on to examine its infrastructure and the crises currently facing it The book also covers the social and economic contexts of developing societies the international arena and its impact on the developing world state building and the tension between dictatorship and democratization The book focuses on four policy areas aid trade tourism and the environment

**Third World Militarization** Jagat S. Mehta,1985

**Militarization, Democracy, and Development** Kirk S. Bowman,2010-11-01 Do Third World countries benefit from having large militaries or does this impede their development Kirk Bowman uses statistical analysis to demonstrate that militarization has had a particularly malignant impact in this region For his quantitative comparison he draws on longitudinal data for a sample of 76 developing countries and for 18 Latin American nations To illuminate the causal mechanisms at work Bowman offers a detailed comparison of Costa Rica and Honduras between 1948 and 1998 The case studies not only serve to bolster his general argument about the harmful effects of militarization but also provide many new insights into the processes of democratic consolidation and economic transformation in these two Central American countries

Militarization, Democracy, and Development Kirk S. Bowman,2002 Do Third World countries benefit from having large militaries or does this impede their development Kirk Bowman uses statistical analysis to demonstrate that militarization has had a particularly malignant impact in this region For his quantitative comparison he draws on longitudinal data for a sample of 76 developing countries and for 18 Latin American nations To illuminate the causal mechanisms at work Bowman offers a detailed comparison of Costa Rica and Honduras between 1948 and 1998 The case studies not only serve to bolster his general argument about the harmful effects of militarization but also provide many new insights into the processes of democratic consolidation and economic
