

# MILITARY DRAFT

## MIND MAP

Write the name of the country you live in inside the airplane silhouette. Use each cloud around it to add one idea connected to the topic of mandatory service in your country. You might include what it means, who it affects, possible service options, advantages, disadvantages, questions you have, or how it might impact your life. You may add small symbols or drawings if you like.

# Military Draft

**SA Dillow**

## **Military Draft:**

The Coming Draft Philip Gold, 2006-09-19 A frustrating war and an endless occupation The very real prospect of more conflict overseas A military stretched beyond its breaking point The stage is set for the resumption of the draft Now in an explosive and provocative book Philip Gold a former Marine and a disaffected conservative reveals why selective service should never come to pass but might In The Coming Draft Gold charts the path that brought us to this treacherous point and posits an exit strategy for America to change its course In candid language and through authoritative research he uncovers the flaws of forced enlistment from ancient to recent times and suggests serious and more effective methods to protect the homeland Plans reality mismatch is how Gold describes the Bush administration s handling of the Iraq war This conflict s deadly years long duration with overtaxed volunteer troops has led to the Marines missing their monthly recruitment quotas by up to 25 percent soldiers over sixty being called out of retirement to serve and in some cases National Guard tours being extended to 2031 Though the House of Representatives made a show of voting against the draft idea in 2004 Gold believes that a collusion of neoconservatives and liberals could eventually cause conscription to be reinstated The neocon argument for the return of universal conscription rests in the expectation that American military presence will need to increase in order to combat the spreading threat of terrorism while the left wing hopes that the revival of the draft will expand the scope of the debate about U S military policy thereby making American involvement in wars an issue that potentially touches every household Asserting that selective service has been neither effective nor historically validated The Coming Draft provides evidence that the Founding Fathers concept of common defense differed from our own and allowed for proper refusal in addition to service More damning Gold insists that starting with the Universal Militia Act of 1791 the draft has been rife with demoralizing corruption and bad faith whether it was exceptions for civilian slave owners in the Civil War or loophole laden systems from World War I to Vietnam Gold s practical and innovative alternatives include the redefinition of service to include earthquake and weather related relief work and a drastic rethinking of the duties of the National Guard All this he believes must begin with setting limits on any president s ability to launch an undeclared war Written with an acute awareness and fierce intelligence The Coming Draft is an indispensable work for anyone who is or who might have to be a soldier and any citizen concerned about the future of our country

**The Military Draft Handbook** James Tracy, 2005-10 A complete up to date sourcebook for anyone concerned about military recruitment written in a concise easily accessible manner outlining the history of conscription and how it has been resisted in previous eras An essential resource for young people parents activists and educators alike

Committee on Education and Special Training,John Henry Wigmore,1919 This book is meant to supply together with the Manual for courts martial materials for the course in military law and war time legislation as planned by the War department committee on education and special training in the approved program for law schools having units of the Students army training corps U S A Pref signed John H Wigmore      *The Draft, 1940-1973* George Q. Flynn,1993 Individual liberty is ingrained in American culture Yet in contrast to this cherished ideal American men were inducted into military service under a system that flourished for more than twenty years before its rationalization was seriously questioned by more than a small minority of citizens Analyzing this paradox George Flynn provides the first comprehensive look at an institution that managed to sustain political and public favor through two wars before dying out under a barrage of protests during a third Placing the American draft within a historical context he shows how social and political considerations determined the character of conscription in the United States The draft developed as it did he argues not mainly because of military needs or strategy but because of political decisions initiated by civilians with nonmilitary agendas Explaining why the draft remained relatively immune to political criticism prior to the Vietnam conflict Flynn chronicles the draft s military and strategic successes and failures in America s mid century wars He shows how major institutions and lobbies representing science education and various professions and religions influenced it and how ultimately and ironically the selective character of the draft eventually made the system inequitable and helped cause its downfall BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **A Constitutional History of the Military Draft** John Remington Graham,1971      The First Peacetime Draft John Garry Clifford,Samuel R. Spencer,1986 Using the Selective Service Act of 1940 as a focus to illuminate the evolution of American policy and attitudes toward the Second World War The First Peacetime Draft unites exhaustive research with crisp narrative and trenchant analysis It is a first rate work Arthur Schlesinger Jr author of The Age of Roosevelt and The Imperial Presidency      The Compiled Laws of the State of Michigan Michigan,1872      **Military Draft** George Milite,2006-12 The United States Armed Forces is an all volunteer military force but in times of great struggle the draft could become a revisited reality This collection of essays will promote issue

awareness as well as critical thinking in your readers They will evaluate whether the draft should be reinstated how it impacts society and who should be considered for the draft Does a draft make society more charitable Will a draft revitalize the Military Do women serve as effectively as men in combat Answers to these questions and more are found in this thought provoking book     **Bitter Greetings** Jean Carper,1967     **Investigation of the Assassination of President John F.
