Milton Papers David Harrison Stevens, 1927 *Milton papers*, 1975 *The state papers, by John Milton* John Milton, 1937 **The Arms of the Family: The Significance of John Milton's Relatives and Associates** John T. Shawcross, 2004 Compelled by the desire to understand Milton as purely the product of his historical milieu biographers have neglected the domestic and personal influences on his life and art While many biographies have examined Milton's life in the context of the political social and religious attitudes in Britain during the tumultuous seventeenth century very few facts of the poet's private life are known The Arms of the Family amplifies author John T. Shawcross's earlier investigation of Milton's personal relationships and attitudes in his biography John Milton The Self and the World Unlike any other scholar Shawcross introduces a crucial element previously neglected by biographers the role that family and friends played in sculpting the revered author Jacket

Kneebone, 2018-06-15 Before the Civil Rights movement southern liberal journalists played a crucial role in shaping southern thought on race and racism John Kneebone presents a richly detailed intellectual history of southern racial liberalism between World War I and World War II by examining the works of five leading southern journalists Gerald W. Johnson Baltimore Evening Sun George Fort Milton Chattanooga News Virginus Dabney Richmond Times Dispatch Hodding Carter Greenville Miss Delta Democrat Times and Ralph McGill Atlanta Constitution The South's leading liberal journalists came from varied backgrounds and lived in different regions of the South but all had one characteristic in common as public advocates of southern liberalism each spoke as a southerner with deep roots in the southern past Yet their editorials were not intended solely for local audiences they wrote essays for national and regional journals of opinion as well and each of these men published important books on the South and its history Through their writings they gained reputations throughout the country as articulate spokesmen for southern liberalism Their essays editorials books and letters provide rich and abundant sources for studying the changing patterns of southern liberal thought in the critical years from the 1920s to the 1940s Moreover these journalists were members of southern liberal organizations Will W. Alexander's Commission on Interracial Cooperation the Southern Commission on the Study of Lynching the Southern Policy Committee the Southern Conference for Human Welfare and the Southern Regional Council and so they helped devise the reform programs that they

in turn publicized While they believed that social and economic change in the modern South required reform of race relations the journalists felt that these reforms could be accommodated within the framework of racial segregation The protests of blacks against segregation during World War II challenged that way of thinking and created a crisis for southern liberals Kneebone analyzes this crisis and the disconnection between the southern liberalism of the 1920s and 1930s and the Civil Rights movement Originally published in 1985 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Wordsworth and Tolstoi and Other Papers** Anna M.
