Mind The Master Power:

Mind, the Master Power Charles Roth,1974 As a Man Thinketh Associate Professor of Philosophy James Allen,James Allen,2016-08-12 As a Man Thinketh is a literary essay by James Allen published in 1903 It was described by Allen as dealing with the power of thought and particularly with the use and application of thought to happy and beautiful issues Allen has tried to make the book simple so that all can easily grasp and follow its teaching and put into practice the methods which it advises It shows how in his own thought world each man holds the key to every condition good or bad that enters into his life and that by working patiently and intelligently upon his thoughts he may remake his life and transform his circumstances It was also described by Allen as A book that will help you to help yourself A pocket companion for thoughtful people and A book on the power and right application of thought **As a Man Thinketh** Associate Professor of Philosophy James Allen,James Allen,2017-01-29 Man is always the master even in his weaker and most abandoned state but in his weakness and degradation he is the foolish master who misgoverns his household When he begins to reflect upon his condition and to search diligently for the Law upon which his being is established he then becomes the wise master directing his energies with intelligence and fashioning his thoughts to fruitful issues Such is the conscious master and man can only thus become by discovering within himself the laws of thought which discovery is totally a matter of application self analysis and experience **As a Man Thinketh** James Allen,2010-06-09 The aphorism As a man thinketh in his heart so is he not only embraces the whole of a man s being but is so comprehensive as to reach out to every condition and circumstance of his life A man is literally what he thinks his character being the complete sum of all his thoughts *The Magic Power Of Your Mind* Walter M. Germain,2022-03-26 HOW THIS BOOK CAN WORK MAGIC IN YOUR LIFE THE moment you picked up this book you held the key to rebuilding your life In the 367 pages that follow there is set forth in plain terms knowledge that is scientifically sound easy to understand and easy to apply to your own affairs As you read these pages and as you fill in the very important sections that deal with you alone you find out How to make of your life anything you want it to be How to free your days of the deadly monster monotony and fill your days with interest and pleasure and health and love How to make happiness a habit with you How to use every hour of the day even your sleeping hours to add years to your life and life to your years In the sixteen carefully arranged chapters that make up this book you will read exactly how these things are possible You will see they are possible for you Hardly a person has not said to himself If only I could change myself and do better And it is not only older people who look back and sigh over wasted decades Young people too look back and realize they are not using their full powers and think If only I could change myself This book shows you how to change yourself from within You have the power now This book shows you how to find it The one great key your Superconscious mind *How to Unlock Your Subconscious Mind Through the Science of Mental Analysis* Elsie Lincoln Benedict,1921 **The Handbook of Life** Terry Walter,1922 **The Master Mind** Theron Q. Dumont,1913 *As a Man Thinketh* Associate Professor of

Philosophy James Allen, James Allen, 2015-10-11 *As a Man Thinketh* is a literary essay by James Allen published in 1903. It was described by Allen as dealing with the power of thought and particularly with the use and application of thought to happy and beautiful issues. I have tried to make the book simple so that all can easily grasp and follow its teaching and put into practice the methods which it advises. It shows how in his own thought world each man holds the key to every condition good or bad that enters into his life and that by working patiently and intelligently upon his thoughts he may remake his life and transform his circumstances. The price of the book is only one shilling and it can be carried in the pocket. It was also described by Allen as 'A book that will help you to help yourself', 'A pocket companion for thoughtful people', and 'A book on the power and right application of thought'. The title is influenced by a verse in the Bible from the Book of Proverbs chapter 23 verse 7: 'As a man thinketh in his heart, so is he.' The full passage taken from the King James Version is as follows: 'Eat thou not the bread of him that hath an evil eye; neither desire thou his dainty meats. For as he thinketh in his heart, so is he. Eat and drink, saith he to thee; but his heart is not with thee. The morsel which thou hast eaten shalt thou vomit up and lose thy sweet words.' While the passage suggests that one should consider the true motivations of a person who is being uncharacteristically generous before accepting his generosity, the title and content of Allen's work refer to the reader himself. Allen's essay is now in the public domain within the United States and most other countries. This book, written in terms of the responsibility assumption, opens with the statement: 'Mind is the Master power that moulds and makes. And Man is Mind, and evermore he takes the tool of Thought and shaping what he wills. Brings forth a thousand joys, a thousand ills. He thinks in secret, and it comes to pass. Environment is but his looking glass.' Chapter 1 starts with the quote from Dhammapada that explains the effect of karma: 'Every man is where he is by the law of his being; the thoughts which he has built into his character have brought him there, and in the arrangement of his life there is no element of chance, but all is the result of a law which cannot err. The thoughtless, the ignorant, and indolent, seeing only the apparent effects of things and not the things themselves, talk of law of fortune and chance. Seeing a man grow rich, they say, 'How lucky he is!' Observing another become intellectual, they exclaim, 'How highly favored he is!' And noting the saintly character and wide influence of another, they remark, 'How chance aids him at every turn!' They don't see the trials and failures and the struggles which these men have voluntarily encountered in order to gain their experience; have no knowledge of the sacrifices they have made, of the undaunted efforts they have put forth, of the faith they have exercised that they might overcome the apparently insurmountable and realize the vision of their heart. They do not know the darkness and the heart aches; they only see the light and the Joy, and they call it luck; do not see the longing, arduous journey, but only behold the pleasant goal and call it good fortune; do not understand the process, but only perceive the result and call it chance. The circumstances which a man encounters with suffering are the result of his own mental inharmony.'
