guide ideal for instructors too **Converging Media** John Vernon Pavlik, Shawn McIntosh, 2004 Converging Media reflects the fundamental changes that digital technologies have made in the way people get their news and entertainment and conduct media commerce The book does not contend that every media product such as newspapers magazines or books are or ever will become digital Rather Converging Media proposes that the majority of the process of mass communication is or is becoming digital Publisher description Scripting Adolescent Romance Stacey J. T. Hust, Kathleen Boyce Rodgers, 2018 Using social cognitive theory of gender development scripting theory and heterosexual script theory as a framework Scripting Adolescent Romance presents methods and analyses of data from in depth interviews with 16 high school and young college students and focus groups with over 100 individuals in this age group Media & Culture with 2015 Update Richard Campbell, Christopher R. Martin, Bettina Fabos, 2014-03-31 The media are in a constant state of change accelerated by the recent turn in digital technology The new 2015 update of Media and Culture keeps up with the newest changes unfolding over YouTube Twitter Facebook and other feeds because the speed of today s media stories requires an understanding of the complex connections between media and our culture The 2015 update includes the latest media developments and coverage of the political economic and cultural issues affecting our mass media and culture But the authors go beyond the addition of current events and trends to focus on what these changes mean extending the bridge between media history and the media right now Informal Learning and Digital Media Kirsten Drotner, Hans Siggaard Jensen, Kim Schröder, 2008 The book provides an engaging overview of the ways in which digital media impact on current understandings of informal learning and it offers a range of grounded studies of the changing relations between digital media and informal learning processes with a particular focus on young people A variety of international scholars examine these processes across a number of sites and settings from Japan to Finland and the USA and they discuss their implications for education ICT and media The volume is an ideal resource for graduate students as well as for practitioners and policy makers
