Readers Choice Digital Literacy:

<u>The Digital Reading Condition</u> Maria Engberg,Iben Have,Birgitte Stougaard Pedersen,2022-12-30 This volume offers a critical overview of digital reading practices and scholarly efforts to analyze and understand reading in the mediatized landscape Building on research about digital reading born digital literature and digital audiobooks The Digital Reading Condition explores reading as part of a broader cultural shift encompassing many forms of media and genres Bringing together research from media and literary studies digital humanities scholarship on reading and learning as well as sensory studies and research on multimodal and multisensory media reception the authors address and challenge print biased conceptions of reading that are still prevalent in research whether the reading medium is print or digital They argue that the act of reading itself is changing and rather than rejecting digital media as unsuitable for sustained or focused reading practices they argue that the complex media landscape challenges us to rethink how to define reading as a mediated practice Presenting a truly interdisciplinary perspective on digital reading practices this volume will appeal to scholars and graduate students in communication media studies new media and technology literature digital humanities literacy studies composition and rhetoric <u>The Reading Lives of Teens</u> Chin Ee Loh,2024-11-04 In these changing times of global flows of media and technologies and reports of declining reading enjoyment researchers policymakers and educators need to engage anew with essential issues of what counts as reading what kinds of reading matter and how to support teen reading engagement in school and out of school settings Bringing together contributions from well known and emerging adolescent literacy researchers from different disciplinary perspectives this edited collection consolidates contemporary research on teens volitional print and digital reading whether in school or out of school contexts The first part of the book offers overviews of what teens are reading followed by chapters on community support on reading and new ways of researching teen reading With chapters from North America Europe Australia Asia and the Middle East the collection will offer multifaceted and complex insights into what how and why teens read in different contexts Reflection questions at the end of each chapter encourage readers to consider how the research can be applied in their own research policy and practice contexts This book will be of interest to researchers policymakers and educators who are invested in supporting adolescent engaged reading with evidence based policies and strategies **Digital Reading and Writing in Composition Studies** Mary R. Lamb,Jennifer M. Parrott,2019-03-13 As digital reading has become more productive and active the lines between reading and writing become more blurred This book offers both an exploration of collaborative reading and pedagogical strategies for teaching reading and writing that reflect the realities of digital literacies This edited scholarly collection offers strategies for teaching reading and writing that highlight the possibilities opportunities and complexities of digital literacies Part 1 explores reading and writing that happen digitally and offers frameworks for thinking about this process Part 2 focuses on strategies for the classroom by applying reading theories design principles and rhetorical concepts to instruction

Part 3 introduces various disciplinary implications for this blended approach to writing instruction What is emerging is new theories and practices of reading in both print and digital spaces theories that account for how diverse student readers encounter and engage digital texts This collection contributes to this work by offering strategies for sustaining reading and cultivating writing in this landscape of changing digital literacies The book is essential for the professional development of beginning teachers who will appreciate the historical and bibliographic overview as well as classroom strategies and for busy veteran teachers who will gain updated knowledge and a renewed commitment to teaching an array of literacy skills It will be ideal for graduate seminars in composition theory and pedagogy both undergraduate and graduate and teacher education courses and will be key reading for scholars in rhetoric and composition interested in composition history assessment communication studies and literature pedagogy   Creating Equitable Literacy Learning Environments Helen Adam,2025-11-24 This groundbreaking book introduces the Model for Equitable Literacy Learning Environments MELLE a comprehensive framework that integrates evidence based instruction with culturally responsive pedagogy to create truly equitable learning environments for all children Despite decades of reading instruction reform persistent achievement disparities remain between students from marginalised communities and their more privileged peers Drawing on extensive international research across Australia the United Kingdom and the United States the author examines how three key dimensions quality instruction opportunity to read and authentic representation in reading materials must work together within supportive cultural and community contexts Interwoven with real classroom examples the text showcases how this framework can be applied to address persistent achievement gaps and promote inclusive education Moving beyond polarised literacy debates this book is a must read for educators seeking practical solutions to create equitable learning environments that empower learners from a range of backgrounds   **Reading Teachers** Teresa Cremin,Helen Hendry,Lucy Rodriguez Leon,Natalia Kucirkova,2022-08-31 This engaging text offers primary school educators a principled way forward on their mission to nurture the life changing habit of reading in childhood Informed and inspiring Reading Teachers accessibly demonstrates how teachers who are motivated engaged and reflective readers themselves can develop new understandings of reading for pleasure and make a difference to young learners Drawing on a range of research evidence including studies on reading teachers dis engaged boy readers student teachers as readers and work with over 150 schools developing communities of readers this book provides an accessible overview of international research alongside a highly practical classroom focus Combining the insights of academics with 24 reading teachers in co authored chapters the book includes Case studies of how practitioners have used research to inform and improve their practice In conversation dialogues between educators about classroom practice that fosters positive reader identities Reflections on the editors own reading habits practices and histories Recommended reading and suggestions of engaging children s books Reading Teachers Nurturing Reading for Pleasure enables practitioners to develop principled practice helping all children find pleasure and purpose in

reading This book is therefore essential reading for all primary teachers head teachers literacy coordinators and trainee teachers *Teaching Reading Comprehension to English Learners in Secondary Schools: A Research-Based Approach* Cekiso, Madoda,Olifant, Florence,Mokhtari, Kouider,2025-04-23 Teaching reading comprehension to English learners ELs in secondary schools presents unique challenges as these students must navigate the complexities of academic texts and the intricacies of language acquisition Effective instruction requires a research based approach that considers the diverse linguistic cultural and cognitive backgrounds of these learners Recent studies highlight the importance of integrating strategies that build both language proficiency and content knowledge essential for helping ELs develop the skills needed to comprehend complex materials Fostering metacognitive awareness through strategies like summarizing questioning and making connections can empower students to become active and strategic readers This approach recognizes the need for a supportive inclusive classroom environment that encourages language development while promoting academic achievement in content areas Further research may help educators provide English learners with the tools to thrive as capable readers in secondary school Teaching Reading Comprehension to English Learners in Secondary School A Research Based Approach explores various aspects of teaching reading comprehension to English Second Language ESL learners in secondary schools It examines current challenges and evidence based strategies in reading comprehension This book covers topics such as language learning reading strategies and teacher training and is a useful resource for academicians researchers and scientists **Reading Still Matters** Catherine Sheldrick Ross,Lynne (E.F.) McKechnie,Paulette M. Rothbauer,2018-03-01 Drawing on scholarly research findings this book presents a cogent case that librarians can use to work towards prioritization of reading in libraries and in schools Reading is more important than it has ever been recent research on reading such as PEW reports and Scholastic s Kids and Family Reading Report proves that fact This new edition of Reading Matters provides powerful evidence that can be used to justify the establishment maintenance and growth of pleasure reading collections both fiction and nonfiction and of readers advisory services The authors assert that reading should be woven into the majority of library activities reference collection building provision of leisure materials readers advisory services storytelling and story time programs adult literacy programs and more This edition also addresses emergent areas of interest such as e reading e writing and e publishing multiple literacies visual texts the ascendancy of young adult fiction and fan fiction A new chapter addresses special communities of YA readers The book will help library administrators and personnel convey the importance of reading to grant funding agencies stakeholders and the public at large LIS faculty who wish to establish and maintain courses in readers advisory will find it of particular interest **Reading Achievement and Motivation in Boys and Girls** Pelusa Orellana García,Paula Baldwin Lind,2018-05-02 This volume links theoretical and instructional approaches on how reading is motivated and assessed and examines the interrelationship between reading motivation and achievement among boys and girls in culturally and geographically different settings Much of the research on

children s reading has focused on cognitive processes however reading is an activity that also requires interest and motivation These attitudes are generally defined as readers affect toward reading and their consequence is that children with more positive attitudes are more motivated to read Taking into account the variability that exists within the notion of gender and age this volume aims to examine and scrutinize previous research on the topic as well as test theories on how the different dimensions of reading motivation vary with gender in relation to cultural issues motivational constructs such as engagement and classroom climate the role of emotions interests and attitudes towards reading among others The book will be of interest to researchers educators graduate students and other professionals working in the area of literacy reading motivation reading achievement and gender differences **A Guide to Developing Learning Across the Curriculum** ,1990 *The ETS Test Collection Catalog* Educational Testing Service.
